

Duluth Racial Bias Audit – April 2023 Progress Update

Summary

CJI has been participating in monthly meetings with the Racial Bias Audit Team (RBAT) since September 2022. The purpose of these meetings is for CJI to provide progress updates towards the 11 audit objectives, for RBAT to provide input on the approach for the audit objectives, and to allow both groups to work collaboratively toward the most comprehensive audit possible. At the request of RBAT members, CJI also began providing a biweekly update to RBAT between monthly meetings as an opportunity to solicit questions, determine the need for an additional meeting within the month, and obtain agenda items for the scheduled monthly meeting.

In April 2023, CJI focused on continuing individualized community outreach, delivering a community survey, and conducting several community forums. CJI met with community stakeholders, such as the Duluth Human Rights Commission, to share progress of the audit and address questions from city leaders. CJI also assisted RBAT in conducting meet-and-greets with DPD personnel, in an effort to build awareness among DPD staff about the RBAT and the intent of the audit CJI is conducting. The CJI project team lead, Katie Zafft, continues to participate in regular observation of the Duluth Police Department's (DPD) Patrol Division through monthly ridealongs with different shifts, patrol crews, and officers.
