SUBJECT: West Superior Street brick repair start date moved to September 12

BY: Pakou Ly, Public Information Coordinator

West Superior Street brick repair start date moved to September 12

[Duluth, MN] - The City of Duluth's scheduled brick project along two blocks of West Superior Street has been moved to September 12, 2011. The previously mentioned start date was September 7, 2011. Crews will start repairs between 3rd Avenue West and 4th Avenue West. While the street will remain open to traffic, there will be no parking allowed on either side of Superior Street where the repairs are occurring. Once the first block is completed, work crews will move to the block between 2nd Avenue West and 3rd Avenue West. Again, street parking will not be available during the course of the repair work.

This two-block project is expected to last about three weeks.
