Auditor

STATEMENT OF PURPOSE: This resolution approves the purchase of two (2) 2015 International Model 7500 4x2 single axle cab and chassis units for fleet services in the amount of \$190,424.70.

This purchase is based on a Minnesota state contract and will replace permanent mount sander unit 3354 and RDS sander unit 1692. Both are single-axle Freightliners of the 2000 vintage and have deteriorated to the point where they require replacement. The sander and RDS dump/sander bodies currently on the trucks will be refurbished and reinstalled on the new cab and chassis units. The fleet services division will follow-up at a later time with a requisition to upgrade, refurbish, and install the sander equipment on the new cab and chassis units. Funds for this project will be taken from the 2014 capital equipment budget, in accordance with Minnesota state contract.

Northstar International d.b.a. Astleford International Trucks is located in Minneapolis, Minnesota.
