Dear Community Partner:

Thank you for your interest in proposing an improvement project for City property. We recognize that working closely with the community is an important way we can fulfill our responsibility to develop long-term strategies, plans and improvements that benefit the greatest number of constituents possible and effectively use limited resources.

Each year there are numerous requests for projects on City property. To better respond to the requests, the City has developed a system that will result in better communications, tracking and processing of project proposals. It establishes Property and Facilities Management as the City entity that will: (1) accept and review all submitted Project Proposal Forms; (2) direct proposals to appropriate City staff; and, (3) facilitate the process to project completion. Once your project proposal request is received, the reviewing process will start and you or your organization will receive a response with thirty (30) days.

The intent of this process is to expedite decision making, clarify the approval process, reduce confusion and miscommunication, and provide a central point of contact to respond to questions and concerns. At any point in the process, Property and Facilities Management can be contacted to respond to questions or concerns.

In past years, this process has seen a number of projects completed for the betterment of our community, including installation of park benches, playfield renovations and community beautification projects. Proposals may be submitted by individuals and community organizations, as well as City staff.

Please note that acquiring funds for a project through CDBG, a DNR grant, fundraising, donations or other means does not guarantee project acceptability. Any project on City property must also receive recommendation and approval by the appropriate City officials. It is strongly recommended that City approval should occur in advance of, or at least concurrent with, pursuing funding.

If you have any questions, please contact Danielle Erjavec at (218) 730-4333.

Sincerely,

Erik Birkeland
