## **2015 Proposed Budgets (11/19/2014):**

Operating Fund 860

Debt Service Fund 861

Capital Projects Fund 865

MRO Maintenance Fund 866

Storefront Loan Fund 867

# Duluth Economic Development Authority

## **Operating Fund (860)**

The Operating Fund accounts for the Authority's operating and administrative expenses. In addition, expenditures on projects which are not TIF eligible or are not located in a specific TIF district may be accounted for in this fund. In the past this fund has been used as a conduit for DEED and EPA grants, tax forfeited property acquisition and subsequent sales, and non-TIF land development. Operating Fund revenues are a combination of IDB issuance fees, loan and lease payments, parking revenues, and grants.

## **Debt Service Fund (861)**

The Debt Service Fund accounts for all tax increment received annually from St. Louis County and all annual debt obligations paid. The revenue for this fund consists primarily of tax increment revenues. Expenses are comprised of Pay-As-You-Go debt payments to developers and transfers to the City for pledged debt and district admin fees. All annual increment received in excess of annual debt is transferred to the Capital Projects Fund.

## **Capital Projects Fund (865)**

The Capital Projects Fund finances and accounts for all of DEDA's TIF-related, district-specific capital projects. The primary source of revenue for this fund is the transfer of excess tax increment from the Debt Service Fund. Expenditures paid from this fund must meet the requirements of each district's TIF plan and qualify as a TIF eligible expense.

## **MRO Maintenance Facility Fund (866)**

Beginning in 2013, this fund will accumulate rent revenues received from AAR. Those accumulated revenues will be used for major capital maintenance expenditures that are scheduled for the building in the foreseeable future.

## **Storefront Loan Fund (867)**

The loan fund is presented on a 'cash basis' as opposed to the modified accrual basis of accounting. In this budget we're simply accounting for inflows (loan repayments) and outflows (new loan distributions) of cash.
