Construction Progresses on 10th Ave East Project in Duluth

[Duluth, MN] - Reconstruction of 10th Avenue East in Duluth's Hillside neighborhood is progressing and crews will advance their work from East 3rd Street up to East 4th Street starting today. This next phase will require the closure of 10th Ave East at the intersection of 4th Street. Motorists are asked to follow detours. The Third Street intersection remains closed.

The project requires replacement of underground utilities in addition to new pavement along the avenue up to 5th Street. The entire road will be re-opened in August.
