**City Utility Operations crews to replace broken water valve at intersection of Garfield Avenue and Railroad Street on Saturday; water service will be turned off for duration of repair**

[DULUTH, MN] The City of Duluth utility operations crews will replace a broken water valve at the intersection of Garfield Avenue and Railroad Street on Saturday, October 28. Water service will be turned off on Garfield Avenue from Railroad Street down to the end of Garfield just beyond Goodwill. The duration of the repair is unknown at this time, but water service is expected to remain turned off to the area from approximately 7:00 AM until 4:30 PM Saturday. Traffic will remain open in both directions on the Garfield Avenue during the repair, but will be impacted with a shift to one lane of southbound traffic during the repair.

The City would like to thank those affected for their patience during this time.
