SUBJECT: Help Shape Duluth's Bikeway System

BY: Amy Norris, Public Information Coordinator

Help Shape Duluth's Bikeway System

Are you happy with your bicycle route? A series of workshops will be held in July to gather public input on creating safe, convenient and enjoyable on-street bikeways.

Biking is an important and growing transportation option in Duluth. We are gathering your ideas and insights to help create a practical urban bikeway system that will service people's everyday use. Please join us at an upcoming workshop:

- Thursday, July 18th (Focus Area-Mission Creek to Enger Tower) 6:00-7:30 PM at City Center West-Evergreen Room 5830 Grand Avenue
- Tuesday, July 23rd (Focus Area-Chester Creek to Lester River) 6:00-7:30 PM at Portman Community Center 4601 McCulloch Street
- Thursday, July 25th (Focus Area-Enger Tower to Chester Creek) 4:30 PM Workshop
6:00 Open House ARDC 221 West First Street

Your input will help us review the existing bike route system and determine future on-street bicycle facility improvements for each neighborhood as well as throughout the Twin Ports. You are welcome to attend any or all of the workshops. If you cannot attend any of these meetings, but would like more information contact James Gittemeier at jgittemeier@ardc.org or (218) 529-7556.
