SUBJECT: Section of the Lakewalk to Undergo Reconstruction June 18

BY: Pakou Ly, Public Information Coordinator

Section of the Lakewalk to Undergo Reconstruction June 18

[Duluth, MN] – The City of Duluth is reconstructing approximately 200 feet of the Lakewalk located near the Canal Park Lodge and adjacent to the new public restroom facility in Canal Park. The project is required as a result of the new sanitary sewer overflow tank construction. The work will begin June 18, 2012 and is expected to be completed by June 29, 2012. The Lakewalk will remain open as the construction will be staged between the paved walkway and the boardwalk.

The City requests the public use caution when approaching the construction area as it will be congested with vehicles and workers. Please pay attention and follow the traffic control signage. Bicyclists are asked to walk their bikes in this area.

We apologize for the inconvenience and thank you for your cooperation.
