SUBJECT: Snow Removal Operations in Downtown Duluth Postponed

BY: Pakou Ly, Public Information Coordinator

Snow Removal Operations in Downtown Duluth Postponed

[Duluth, MN] - The City of Duluth is postponing snow removal operations in downtown Duluth tomorrow morning, January 7, due to the frigid weather conditions. The freezing temperatures will not only expose city crews to dangerous temperatures and windchills but will also impact the performance of the equipment.

The City will inform the public once a new snow removal schedule has been determined.
