SUBJECT: Road Project Planned for East 2nd Street (Duluth)

BY: Pakou Ly, Public Information Coordinator

Road Improvements Planned for East 2nd Street in Duluth

[Duluth, MN] - The City of Duluth Street Maintenance team is planning to make road improvements along East Second Street, starting August 5, in Duluth between 26th Ave East and Hawthorne Road. This work will require removal of the several inches of the existing road materials and a new layer of pavement laid down.

This stretch of 2nd Street is marked "No Parking" August 5-7. The City thanks the public for their patience as crews work quickly to make these road improvements.

Additional road and utilities projects can be viewed on an interactive map at www.duluthprogress.com
