SUBJECT: Duluth Fire responding to ammonia leak at the Curling Club

BY: Kate Van Daele, Public Information Officer

NATURE OF INCIDENT: Ammonia Leak

CASE NO.:

INCIDENT DATE: 7/13/2021

INCIDENT TIME: 6:52 p.m.

INCIDENT LOCATION: Duluth Curling Club

Duluth Fire responding to ammonia leak at the Curling Club

[Duluth, MN] Just before 7:00 p.m, the Duluth Fire Department responded to a call of an ammonia leak at the Curling Club. Once crews were on scene, they confirmed that ammonia was in space and began evacuating. Fire Crews then initiated a callback, which calls in additional crews to respond to the scene to provide support.

Crews have evacuated the Curling Club, Pioneer Hall, and most other areas of the DECC. The only areas that remain open are Amsoil Arena and Marcus Theaters.

Hazmat crews are on scene evaluating the origin of the leak and investigating.

Harbor Drive is in the process of being shut down.

This is an active scene and is under investigation. No additional information is available at this time.
