**SUBJECT:** Tree removals for two sections of the Cross-City Trail construction project will begin March 11

**BY:** Kelli Latuska, Public Information Officer

**Tree removals for two sections of the Cross-City Trail construction project will begin week of March 11**

[DULUTH, MN] Tree removals for construction of two sections of the Cross-City Trail will begin week of March 11. The two areas of tree clearing and future trail construction include a trail corridor between Central Avenue through Irving Park to 59th Avenue West and from the east side of the Kingsbury Creek Bridge to Grand Avenue. The Kingsbury Creek segment will be closed to public during tree removal. Construction for the Cross City Trail in these areas is expected to be completed in 2024. The project is supported by grant funding from the Minnesota Department of Transportation through the Transportation Alternatives Program.
