Income Defined

Income shall be the adjusted gross income as reported on your Federal Income Tax Return, if filed, plus amounts from all other sources. This shall include Social Security, Railroad Retirement, Veteran's Disability Pensions, Private Pensions, Wages, Interest, Dividends, Cash Public Assistance, State and City refunds (including last year's sales tax refund), Emergency Assistance, Rent Credits, etc..... This pertains to income received in the previous year.

REFUND CALCULATION:

There are two methods by which you can claim a refund. The majority will work out best under Method I. If you have had a major purchase in the past year, such as an appliance or furniture, Method II will probably be best.

- **Method I:** If you do not maintain records of actual purchases **Multiply the Income on Line 7 by .0022**
- **Method II:** If you do maintain suitable records of purchases, claimants must substantiate the amount of City of Duluth Sales or Use Tax they have paid during the last year. These records should be receipts or invoices which show the amount of tax paid. After these records have been examined by the Sale Tax Division, the amount substantiated will be refunded.

When to Apply

You may apply for refund between the dates of January 1st and April 30th following the year for which the refund is filed. ***No applications for this refund will be accepted after April 30th.***
