Addendum 1
Solicitation 21-AA06
RFP for Lakewalk and Brighton Surveys

This addendum serves to notify all bidders of the following changes to the solicitation documents:

Clarification – The City is not asking for any title work for the boundary survey requested in Alternate 1.

The following questions asked are answered below:

Q1 - There are areas on the exhibits marked in red and yellow, FEMA and FEMA 404 areas respectively. Will the City provide the surveyor with legal descriptions of those areas?

A1 - The FEMA designations are related to a separate project for work on the shoreline and have no bearing on this survey.

Q2 - Can you provide specific requirements for the tree survey (i.e., species, diameter, condition, etc.)?

A2 - The City will not be providing legal descriptions. Tree surveys are to follow the Unified Development Code (UDC) for Number 3.

Please acknowledge receipt of this Addendum by including a copy of it with your proposal.
