

Duluth Public Arts Commission Request For Proposals

December 2021

The Duluth Mayor and the City Council formed the Duluth Public Arts Commission (DPAC) in 1986.

Duluth Public Arts Commission Mission Statement: DPAC Mission Statement (approved 7.18.2016) The Duluth Public Arts Commission fosters arts development and advocates for public art and arts events. It advises the City of Duluth on arts-related matters and promotes the positive economic impact the arts has in the community and the region. It also assists the City in the development and maintenance of an ongoing Municipal Arts and Culture Plan. The Duluth Public Arts Commission, in all its endeavors, is committed to inclusivity, collaboration and fairness.

According to a 2013 amendment to our ordinance, the Commission will work with the City to develop and promulgate a municipal art plan for the entire city. The plan will include long term objectives of the commission in carrying out its purpose as stated above; establish criteria for the selection of artists and works of art; create a list of potential locations throughout the city for the placement of works of art; develop a list of priorities for the funding of various art projects throughout the city; identify the existing inventory of public art work in the city; establish a collection policy; and create guidelines for public accessibility and safety.

Furthermore, in its preliminary planning the Commission has adopted a definition of "public art" that includes all forms of art in public places, expanding its prior focus on permanent installations to include performing arts, arts programming, and other creative outlets. Duluth as a community has a rich history with the arts. The Commission, with support of the Mayor, seeks to implement our strategic plan to provide a long-term, comprehensive direction for the creative and cultural development of our community.
