**Addendum 1**  
**Solicitation 22-99400**  
**Lift Station 17 Generator and Control Panel**

This addendum serves to notify all bidders of the following changes to the solicitation documents:

**CLARIFICATIONS:** These directions shall have **precedence** over specification and drawings. Responsive bid shall provide all work and materials needed to provide a complete and operable project as clarified below:

1. No gas utility is required.
2. The following new equipment provided under this contract shall be painted as specified:
  - a. Generator, sub-fuel tank, and enclosure
  - b. ATS exterior enclosure
  - c. Meter socket exterior enclosure
  - d. All junction boxes on the equipment rack
  - e. Main Disconnect Switch, MDS-1
  - f. Lighting Panel exterior enclosure

The follow photo is an example of equipment rack and equipment from previous project that meets the intent of the contract and City standards.

3. The project does **NOT** require the existing LS-LCP-17 Lift Station Control Panel to be painted.
