118 each mode. Modes may include, but not be limited to webpages,

138 explanation to the Consulting Parties and consult, as appropriate, to seek
139 resolution.
- 140
141 e. The City shall submit the final Interpretive Plan to the MnDNR for
142 coordination of final review with the MnSHPO. Following review of the
143 final Interpretive Plan by the MnSHPO, the MnDNR shall distribute to all
144 Consulting Parties for review and comment. The MnSHPO may disagree
145 with the Interpretive Plan in writing to the MnDNR. Upon receiving such

147 other Consulting Parties, as appropriate, to seek resolution in accordance
148 with Stipulation III of this MOA.
- 149 f. Upon final approval by the MnDNR, the City shall distribute the final
150 Interpretive Plan to all Consulting Parties.

162 Property Record Guidelines (updated June 2009)” Level I Documentation
163 standards.

164
165 b. The City shall provide the MnSHPO with a draft version of the Level I
166 MHPR for review and comment. The MnSHPO shall have thirty (30)
167 calendar days to review the Level I MHPR. The City will take the
168 comments of the MnSHPO into account in developing the final Level I
169 MHPR.

170
171 c. The City shall provide a final archival copy and a digital (PDF) copy of
172 the Level I MHPR to the MnSHPO. The City shall provide a high-quality
173 digital (PDF) copy of the Level I MHPR to the NPS, the MnDNR, the
174 Duluth Heritage Preservation Commission, the Duluth Collection at the
175 Duluth Public Library, and the Northeastern Minnesota Historical
176 Collections at the Kathryn A. Martin Library, University of Minnesota-
177 Duluth. Submission of these final Level I MHPR sets will constitute
178 fulfillment of this stipulation.

179
180 C. National Register of Historic Places Nomination

181 i. Within two (2) years following execution of this MOA, the City, in consultation
182 with the Consulting Parties, shall prepare a National Register of Historic Places
183 Nomination Form (NRHP Nomination) for Lincoln Park.

184
185 ii. The City shall have a qualified consultant prepare the NRHP Nomination in
186 conformance with the National Park Service’s Bulletin 16A *How to Complete the*
187 *National Register Registration Form*. The NRHP Nomination shall be prepared
188 by a historian and/or architectural historian who meets the SOI’s *Professional*

190 history, and who has successfully completed previous NRHP nominations.

191
192 iii. The City shall submit the first draft NRHP Nomination, and any subsequent
193 drafts, to the MnSHPO for formal review and comment. The MnSHPO shall have
194 sixty (60) calendar days to provide written comments on the initial draft NRHP
195 Nomination. Any subsequent drafts of the NRHP Nomination, up to and including
196 the final NRHP Nomination, shall incorporate any written comments and
197 recommendations provided by the MnSHPO. As needed, review of multiple drafts
198 may be required, and the MnSHPO shall have thirty (30) calendar days to provide
199 comments on each subsequent version after the initial draft NRHP Nomination
200 review.

201
202 iv. The actual nomination of Lincoln Park to the NRHP will be at the discretion of
203 the MnSHPO and will follow the established procedures of the National Park
204 Service (36 CFR § 60). The intent of this stipulation shall be met following the
205 MnSHPO notification to the City that the NRHP Nomination for Lincoln Park is
206 sufficient and has been forwarded to the State Review Board for formal
207 consideration.

208

209 **II. PROJECT DESIGN REVIEW**

210 A. The Project plans (drawings, specifications, special provisions, appendices, etc.)
211 including plans for temporary construction -related work, shall effectively meet the
212 Project purpose and be designed consistent with the SOI's *Standards for the Treatment of*
213 *Historic Properties* (36 CFR Part 68) and associated SOI's *Guidelines for the*
214 *Rehabilitation of Historic Buildings and Cultural Landscapes* (SOI Standards and
215 Guidelines) in an effort to avoid and minimize additional adverse effects to historic
216 properties.

217 B. The City shall prepare updated 90% Project plans in accordance with the SOI Standards
218 and Guidelines and submit them to the NPS and the MnDNR agency review and for
219 coordination of review by parties to this MOA.
220

221 D. If the NPS and the MnDNR find that the 90% Project plans will not expand the APE and
222 have been developed consistent with the SOI Standards and Guidelines in order to avoid
223 additional adverse effects to historic properties within the APE, the NPS shall issue this
224 finding, along with an appropriate level of documentation including the 90% Project
225 plans, to the Consulting Parties for a thirty (30) day review and comment period. If there
226 are no objections to the NPS finding of the 90% Project plans' consistency with the SOI
227 Standards and Guidelines and corresponding finding of effect, then the City shall finalize
228 the Project plans accordingly. If there are written objections to the NPS finding of the
229 90% Project plans consistency with the SOI Standards and Guidelines and corresponding
230 finding of effect, then the NPS and the MnDNR will continue consultation with the
231 objecting party(ies) pursuant to Stipulation III of this MOA.
232

233 E. If the NPS and the MnDNR find that the Project plan modifications will result in
234 additional adverse effects to historic properties, the NPS and the MnDNR shall first
235 consult with the Consulting Parties in accordance with 36 CFR 800.6 to seek ways to
236 avoid and/or minimize the adverse effect. The Consulting Parties shall have thirty (30)
237 days to review and provide comments on this effect finding. If it is determined that the
238 adverse effect cannot be avoided, the NPS and the MnDNR will consult with the
239 Consulting Parties, and the public, as appropriate, to develop a Mitigation Plan
240 (Mitigation Plan) for the adverse effect, taking into account the character and significance
241 of the historic property and the nature and scale of the adverse effect. Any newly
242 identified consulting parties under this stipulation will be invited to sign this MOA as
243 concurring parties pursuant to Stipulation IV.
244

245 i. The Mitigation Plan shall be developed within forty-five (45) calendar days of
246 any adverse effect finding made under this stipulation. The NPS and the MnDNR
247 shall provide a copy of the draft Mitigation Plan to the Consulting Parties who
248 shall have thirty (30) calendar days to provide comments on the Mitigation Plan
249 prior to the initiation of Project construction, or fifteen (15) calendar days to
250 provide comments on any Mitigation Plan prepared during Project construction.

251 a. If the Consulting Parties do not provide comments during the review

252 periods specified in Subparagraph E(i) of this Stipulation, the NPS and the
253 MnDNR shall consider it final, and the City will move forward with the
254 Mitigation Plan as provided.

255 b. The NPS and the MnDNR shall take into account any comments provided
256 by the Consulting Parties during the review period specified in
257 Subparagraph E(i) of this Stipulation in the development of a final
258 mitigation plan. The Mitigation Plan will be final upon acceptance by the
259 MnSHPO and written notice by the NPS and the MnDNR. The NPS and
260 the MnDNR shall provide copies of all final Mitigation Plans to the
261 Consulting Parties.

262 c. Upon completion of consultation under this stipulation, the City shall
263 ensure that the terms and conditions of the final Mitigation Plan are fully
264 implemented.

265 **III. TRIBAL MONITORING**

266 A. The City shall develop a tribal monitoring plan in consultation with the Fond du Lac
267 Band of Lake Superior Chippewa (Fond du Lac) Tribal Historic Preservation Officer
268 (THPO) to provide for tribal monitors to be present on site during ground disturbing
269 activities associated with the Project's construction that may have the potential to
270 inadvertently affect cultural resources or human remains. The City and the Fond du Lac
271 THPO shall develop a budget of monitor-related expenses, and the City shall contract
272 with Fond du Lac to perform the agreed upon work.
273

274 B. The City shall submit the tribal monitoring plan to the NPS for review and confirmation
275 with the Fond du Lac THPO.
276

277 C. Following consultation with the Fond du Lac THPO, the NPS shall notify the City that
278 the tribal monitoring plan is appropriate or outline necessary revisions. A copy of the
279 final tribal monitoring plan will be provided to the Fond du Lac THPO for their records.
280

281 D. The City may not begin any Project construction until the tribal monitoring plan has been
282 approved by the NPS and Fond du Lac.
283

284 **IV. INADVERTENT DISCOVERIES**

285 A. If previously unidentified historic properties (including archaeological sites) or
286 unanticipated effects to historic properties (including exceptionally significant finds) are
287 discovered during Project activities and reported to the City, the City shall immediately
288 halt all Project activities within a one hundred (100) foot radius of the discovery, notify
289 the NPS and the MnDNR of the discovery, and implement interim measures to protect
290 the discovery from looting and vandalism.
291

292 B. Immediately upon receipt of the notification required under Stipulation IV.A above, the
293 City, and the MnDNR, will inspect the construction site to determine the extent of the

294 discovery and ensure that construction activities have halted, clearly mark the area of
295 discovery, and implement additional measures, as appropriate, to protect the discovery
296 from looting and vandalism, and notify the MnSHPO and the Fond du Lac THPO.
297

- 298 C. The MnDNR, in consultation with the MnSHPO and the Fond du Lac THPO, will design
299 a plan for avoiding, minimizing, or mitigating any further adverse effects prior to
300 resuming Project activities in the area of the discovery, if the discovery is determined to
301 be a historic property.
302

303 Treatment of Human Remains: If an inadvertent discovery contains human remains, the
304 City will immediately halt Project construction work in the area of discovery, will ensure
305 protection of the area of discovery, and will immediately notify local law enforcement
306 and the Office of the State Archaeologist (OSA), the lead state agency for authentication
307 of burial sites on non-federal lands. In accordance with Minn. Stat. § 307.08, the OSA
308 has the final authority in determining if the remains are human and to ensure appropriate
309 procedures are carried out in accordance with the statutes. Avoidance and preservation in
310 place is the preferred option for the treatment of human remains. In accordance with
311 Minn. Stat. § 307.08, subd. 3a, the OSA is required to coordinate with the Minnesota
312 Indian Affairs Council (MIAC) if the remains or associated burial items are thought to be
313 American Indian. The City and MnDNR shall work with the OSA and MIAC to develop
314 and implement a reburial plan if that is the approach preferred as determined in
315 accordance with Minn. Stat. § 307.08.
316

317 V. DISPUTE RESOLUTION

- 318 A. Should any Consulting Party to this MOA object to or be unable to complete the
319 execution of any provisions of this MOA, the NPS and the MnDNR shall take the
320 objection into account and consult as needed with the objecting party to resolve the
321 objection.

- 322 B. If the NPS determines that the objection cannot be resolved, the NPS shall request the
323 further comments of the ACHP pursuant to 36 CFR 800.7.

- 324 C. Any ACHP comment provided in response to such a request will be taken into account by
325 the NPS in accordance with 36 CFR 800.7(c)(4) with reference only to the subject of the
326 dispute; the responsibility of the Consulting Parties to carry out all actions under this
327 MOA that are not the subjects of the dispute will remain unchanged.

328 VI. DURATION, AMENDMENTS, AND TERMINATION

- 329 A. This MOA will automatically terminate if its terms are not carried out within five (5)
330 years from the date of its execution. Prior to such time, the NPS may consult with the
331 MnDNR, the MnSHPO, and the City to amend it in accordance with Subparagraph VI.B
332 below.

- 333 B. This MOA may be amended when such an amendment is agreed to in writing by all
334 Signatories and Invited Signatories. The amendment will be effective on the date a copy

- 335 signed by all of the Signatories and Invited Signatories is filed with the ACHP.
- 336 C. If any Signatory or Invited Signatory to this MOA determines that its terms will not or
337 cannot be carried out, that party shall immediately consult with the other Signatories and
338 Invited Signatories to attempt to develop an amendment per Subparagraph B above. If
339 within sixty (60) calendar days an amendment cannot be reached, any Signatory or
340 Invited Signatory may terminate the MOA upon written notification to the other
341 Consulting Parties.
- 342 D. Once the MOA is terminated, and prior to work continuing on the undertaking, the NPS
343 must either (a) execute an MOA pursuant to 36 CFR 800.6 or (b) request, take into
344 account, and respond to the comments of the ACHP under 36 CFR 800.7. The NPS shall
345 notify the parties to this MOA as to the course of action they will pursue.

346 VII. IMPLEMENTATION

- 347 A. This MOA may be implemented in counterparts, with a separate page for each Consulting
348 Party. This MOA shall become effective on the date of the final signature by the
349 Signatories and Invited Signatories. The NPS and the MnDNR shall ensure each party is
350 provided with a complete copy of the final, executed MOA, updates to appendices, and
351 any amendments. The NPS and the MnDNR shall ensure that the final MOA, updates to
352 appendices, and any amendments are filed with the ACHP.
- 353 B. Execution of this MOA by the NPS and SHPO and implementation of its terms is
354 evidence that the NPS has taken into account the effects of its undertaking on historic
355 properties and has afforded the ACHP opportunity to comment pursuant to Section 106
356 of the National Historic Preservation Act.

ATTACHMENT A: AREA OF POTENTIAL EFFECT

The APE illustrated above and below include areas that will be physically affected by the project or might be subject to indirect visual effects. The project will not physically affect or be visible from most of Lincoln Park. If the project makes Lincoln Park ineligible for the National Register, however, it would have an effect on the entire park, so the park as a whole (left) is also in the APE.
