INTRODUCTORY SECTION

Finance Department

0

218-730-5350

Room 120 411 West First Street Duluth, Minnesota 55802

July 14, 2023

To the Honorable Mayor, City Council, Administration, and Citizens of the City of Duluth, Minnesota

State law and the City Charter mandate the City of Duluth have an annual audit of its financial statements. State law requires the audit to be conducted within 180 days after fiscal year end. This report was prepared to satisfy these requirements for the fiscal year ended December 31, 2022.

The City's management assumes full responsibility for the completeness and reliability of the information contained in this report and has established a comprehensive framework of internal controls for that purpose. The objective of the City's internal controls is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatement. Absolute assurance is not achievable because the costs of internal controls should not exceed anticipated benefits.

The Minnesota Office of the State Auditor has issued an unmodified opinion on the City of Duluth's financial statements for the year ended December 31, 2022. The independent auditor's report is located at the front of the financial section of this report.

Management's Discussion and Analysis (MD&A) provides a narrative introduction, overview, and analysis of the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

GOVERNMENT PROFILE

Duluth is the seat of St. Louis County, and is the largest city in the northern two-thirds of Minnesota. It is located at the western tip of Lake Superior and encompasses 67 square miles of land and nearly 50 square miles of water. Situated on a hillside along Lake Superior's north shore, Duluth is 23 miles long and eight miles wide at its broadest point. Duluth's population is approximately 86,000 and contributes to a market area of more than 500,000 from northern Minnesota, northwest Wisconsin, the Upper Peninsula of Michigan, and lower Ontario. Duluth and its neighbor, Superior, Wisconsin, share the Great Lakes' largest port and one of the largest inland seaports in the world.

As one of only four first class cities in the state, Duluth operates under a Home Rule Charter granted by the constitution and laws of the State of Minnesota. The City has operated under a mayor-council form of government since 1956. The mayor is the chief executive officer of the City and is aided by a chief administrative officer who is chosen by and is responsible to the mayor. All executive and administrative powers are vested in the mayor, chief administrative officer, and other officers authorized by City Charter. The City Council is comprised of nine councilors, four chosen at large and five from geographical districts. All legislative powers are vested in the council. The mayor and councilors are subject to the control and direction of the people at all times by the initiative, referendum and recall provisions in the City Charter.

The City provides a full range of governmental services including police and fire protection, street construction and maintenance, library and recreational facilities, and public utilities for water, gas, sewer, and storm water services. Certain economic development activities are provided through a legally separate entity, Duluth Economic Development Authority, a discretely presented component unit of the City. The City also is financially accountable for several legally separate entities including an airport, convention center, transit services, and recreation area, all of which are reported separately in the City's financial statements. Additional information regarding these legally separate entities is provided in Note 1 to the financial statements.

The City Council is required to adopt a final budget before year end. The budget ordinance approved by the Council establishes appropriations for the General Fund. The total of all appropriations within a department are defined as a budget item and form the legal level of budgetary control, as defined in the budget ordinance. The mayor, chief administrative officer, or a designee may make transfers between appropriations; however, the total of all transfers to or from any budget item in excess of 10% of that budget item must be approved by the City Council. The Council may revise the budget at any time by ordinance upon recommendation of the administration.

LOCAL ECONOMY

Once dependent on heavy industry for its economic health, Duluth has diversified and has become a strong regional center for shipping, tourism, education, health care, retail sales, technology, architecture, engineering, and aviation. According to the Minnesota Department of Economic Development and Employment (DEED), Duluth's unemployment rate averaged 2.4% in 2022, and was as low as 1.9% in April. The total number of jobs in Duluth reported to the state in 2022 averaged 55,058.

According to DEED, Duluth's aviation industry grew 112% between 2013 and 2018, with key anchors like Cirrus Aircraft, American Precision Avionics, and Greystar Electronics contributing millions to the regional economy, and directly supporting over 1,100 jobs in the Duluth metro area. Cirrus Aircraft is the largest single-engine aircraft manufacturer in their class reporting billings of \$632.9 million in 2021 and \$260 million in the first half of 2022. In late 2022 they announced plans to transform Northwest Airlines maintenance base into a new research and development facility in which they will invest at least \$10 -15 million. They have also promised to maintain the size of their local workforce and bring another additional 80 engineering jobs to the City in the next three years. Cirrus Aircraft's SF50 Vision Jet was awarded the prestigious 2017 Robert J. Collier Trophy for "the greatest achievement in aeronautics or astronautics in America, with respect to improving the performance, efficiency, and safety in air or space vehicles..." and is on display at the Smithsonian's Air and Space Museum in Washington DC.

The Port of Duluth-Superior has been one of the backbones of the region's economy and has been long known as the Great Lakes' "Bulk Cargo Capital." It is the number one tonnage port on the Great Lakes and is the farthest-inland freshwater seaport, with an average of 800 vessel visits a year. The Duluth-Superior port moves an average of 35 million short tons of cargo annually, ranking among the nation's top 20 ports. It is North America's foremost natural resources port and leading mover of iron ore (#1 nationally) and coal (#7 nationally), limestone, and grain (the port's #1 export), in addition to dry & liquid bulk commodities, general cargo, heavy lift, and wind energy components. It is recognized worldwide as the heaviest lift port on the Great Lakes for its expertise in handling wind energy & project cargoes, wood pulp, paper, steel coils, and containerized cargoes. As the largest tonnage port on the Great Lakes-St. Lawrence Seaway, cargo movements through the Port of Duluth-Superior, on average, support approximately 7,800 port connected jobs and generate approximately \$504 million in annual income and contributes over \$1.4 billion to the local/regional business economy.

Duluth is located on the southwestern tip of Lake Superior. Lake Superior, the largest of the Great Lakes, is not only an economic engine for the community but is treasured for its picturesque beauty. Duluth has experienced growth in tourism and recreation travel, and has become a top destination for Minnesotans as a primary getaway, according to Explore Minnesota Tourism. Duluth attracts over 6.7 million visitors annually, injecting more than \$950 million each year directly into the immediate area. In 2022, the City's tourism revenue increased 11.3% over 2021. Duluth offers a variety of attractions and outdoor activities, including: Canal Park- Duluth's historic waterfront district with its variety of hotels, restaurants, and shops, and home to the famous Aerial Lift Bridge, which is Minnesota's most frequented

tourist attraction; the Lakewalk- a 7.5 mile recreational trail on the shores of Lake Superior; Bayfront Festival Park- a 20 acre waterfront park with a seasonal amphitheater, that hosts outdoor summertime concerts and events, and during the holiday season, the Bentleyville Tour of Lights, America's largest free walk-through holiday light display. Bayfront Festival Park was named the "Best Outdoor Music Venue" in 2014's "Best of Minnesota" poll by the Minneapolis Star Tribune. Duluth is also home to the Great Lakes Aquarium-a \$30 million freshwater aquarium featuring more than 20 exhibits; and, Spirit Mountain Ski and Recreation Area-a year-round recreation area with the Midwest's longest downhill ski run, Nordic skiing, a snow tubing park, an RV park, and an adventure park featuring mini golf, disk golf, mountain biking, scenic lift ride, alpine coaster ride, and a zip line. The City has 129 municipal parks encompassing over 3,264 acres, a public golf course, zoo, and over 150 miles of trails for hikers, bicyclists, and cross-country skiers. Duluth's 104-mile Traverse Mountain Biking Trail system is rated as one of only six "Gold Level" Ride Centers in the world by the International Mountain Bicycling Association (IMBA). Duluth hosts world-class special events such as Grandma's Marathon, the 16th largest marathon in the United States; and, the Bayfront Blues Fest, which attracts over 20,000 people. In 2022, Viking Cruise Line began operating their "Undiscovered Great Lakes" 8-day cruise, which visits Duluth, and offers daytime expedition trips to Duluth's various attractions and outdoor experiences, and contributed an estimated \$677,000 in economic impact to the City.

Duluth has been nationally recognized by various publications and was rated by Money magazine as one of the top four Midwestern small cities, based on livability. In 2015, Duluth was voted as America's "Best Town" by an online poll conducted by Outside Magazine. In 2017, Duluth was named as America's fittest City by Fitbit; and, SmartAsset's 2017 edition named Duluth as the least stressed city in America. In 2018, Duluth was recognized by the New York Post as one of the "Best 10 Christmas Cities in America." Indeed.com ranked Duluth #1 in 2018 for "US Cities Where Salaries Go Furthest" based upon high adjusted salaries, low unemployment, and good future prospects. Lake Superior, the City's unique history, premier trails, natural beauty, and quality of life continue to define Duluth as a family friendly vacation destination and place to live.

Located on the shores of Lake Superior, the Duluth Entertainment Convention Center (DECC) is the epicenter of entertainment in Duluth, and offers world-class events spanning conventions, sports, arts and entertainment. The DECC is home to the Duluth Superior Symphony Orchestra, Broadway performances, concerts, home and sports shows, the Minnesota Ballet, UMD Men's and Women's Bulldog Hockey and the *William A. Irvin* ore boat museum. The DECC's facilities include a convention center with 25 meeting rooms and two ballrooms. The facility also has an auditorium, Symphony Hall, and two arenas, the Duluth Arena/Pioneer Hall, and the Amsoil Arena. In addition, the DECC is the proud home of the Duluth Curling Club, and the 2018 Olympic gold medal team. Bayfront Festival Park is under the management of the DECC, and hosts concerts and events, including Bentleyville, Duluth Fourth Fest, Blues Fest, Pride Festival, Tributefest, and All Pints North Brewfest.

The American Institute of Economic Research named the Duluth metropolitan area as one of America's best small metropolitan areas for college students in their "Small Metro category" in its 2012 College Destinations index. The University of Minnesota Duluth (UMD) and the College of St. Scholastica (CSS) are consistently ranked in the top tier of Midwestern universities by U.S. News and World Report's "America's Best Colleges" issue.

- The University of Minnesota Duluth (UMD) is a comprehensive regional university and adds a total annual economic impact on the region of over \$500 million. UMD had fall enrollment of 9,675 students in 2022. Undergraduate students can choose from 16 bachelor's degrees in 87 majors, and 77 minors as well as five certificates. UMD also offers graduate programs in 24 fields, 13 minors, and seven certificates. The University of Minnesota Medical School and the University of Minnesota College of Pharmacy, both have programs on the UMD campus. In addition to offering the EdD, UMD participates in two all-university PhD programs (one of which is located primarily on the UMD campus) and cooperates significantly in the delivery of a number of Twin Cities-based PhD programs.
- The College of St. Scholastica has been called a "hidden gem" by the Washington Post in its "100 Schools to Consider" and in 2014 was named by Money Magazine to the top third of all four-year colleges in the country, based on graduation rates, educational quality, affordability, and alumni earnings. Forbes Magazine named CSS in its "Top Colleges" list for 2017 based on outcomes, measured by student satisfaction, post-graduate success and academic success. CSS has 5 academic schools, and offers degrees in 61 undergraduate majors, minors and pre-professionals: 16 masters, and five doctoral programs, with a total 2022 enrollment of 3,512 students.
- Lake Superior College (LSC) is a two-year community and technical college in Duluth and is a member of the Minnesota State College System and has the third lowest college tuition in the State of Minnesota. Lake Superior College was recently ranked among the 20 best community colleges in the nation for quality and

affordability; and, was ranked 41st among "50 Best Community Colleges in the Nation" by College Consensus, an organization that combines all the most reputable college ranking publishers and real student reviews. The college offers pre-baccalaureate majors for students interested in transferring to 4-year educational institutions, as well as more than 90+ certificate, diploma and associate degree programs in career and technical fields. LSC's Continuing Education/Customized Training division collaborates with area businesses and industry to design specialized opportunities for entry-level and advanced education. While courses are typically offered in traditional classroom and lab settings, LSC also offers nearly 200 courses online.

LONG-TERM FINANCIAL PLANNING

Unassigned fund balance in the General Fund as of December 31, 2022 is 20.3% of total General Fund expenditures and transfers. In order for the City of Duluth to respond to unforeseen situations, as well as to positively impact the investment credit rating of the City, the City strives to maintain a collectible unassigned General Fund balance between sixteen (16) and eighteen (18) percent of the current year's General Fund operating budget.

Additionally, the City's municipal advisors strongly encourage the City to maintain a minimum balance of 40% of budgeted general fund revenues, using the unassigned General Fund balance and the Community Investment Trust (CIT) fund balance to reach the 40%. It is important to note, while the General Fund balance may have opportunity for growth, the CIT is dependent on market earnings and therefore does not have the opportunity for annual growth.

RELEVANT FINANCIAL POLICIES

The City established a Community Investment Fund in 1994. The Fund is financed by the City's share of revenues generated from the operation of the Fond-du-Luth Casino administered by the Fond du Lac Band of Lake Superior Chippewa. Investment earnings from the Community Investment Fund are dedicated to the City's General Fund by charter provision. All other monies appropriated from the Fund must be approved by resolution by at least seven members of the nine-member City Council. As of December 31, 2022, the Community Investment Fund reported a fund balance of \$26.5 million.

In 2007, the City established an irrevocable trust to pre-fund the City's other postemployment benefit liability. Contributions totaling \$31.8 million have been made to the irrevocable trust. The irrevocable trust balance including cumulative investment earnings was \$84.4 million on December 31, 2022. In November 2014, the City adopted a policy that established a funding framework for financing annual retiree healthcare costs through both annual appropriation and utilizing the irrevocable trust. Annual appropriation costs are capped at \$9 million. Annual retiree healthcare premium costs in excess of \$9 million will be paid from the irrevocable trust. For the year ended December 31, 2022, retiree health care premium costs of \$829,738 were funded by the irrevocable trust. City pooled investment earnings were also dedicated as an additional funding source for future contributions to the irrevocable trust.

MAJOR INITIATIVES

In 2019, the State legislature approved a $\frac{1}{2}$ percent local sales tax increase to fund street improvements. The new tax went into effect on October 1, 2019. The sales tax increase significantly increases the funding available for the City's Street Improvement Program. In 2023, the City is projecting to repair 11.55 miles of roads.

State legislation created a Duluth Regional Exchange District that will support the two regional health care systems headquartered in downtown Duluth. Essentia Health and St. Luke's Hospital are constructing new facilities that will result in a combined investment exceeding \$1 billion in downtown Duluth. This investment will be the largest private development in Duluth's history and will act as a catalyst for additional development activity in the downtown area. Included in the State legislation was \$97.2 million earmarked for public improvements including parking ramps and street and utility improvements in the District. Site work began in 2019 and work on the project will continue for several years.

The City was awarded approximately \$60 million dollars in Coronavirus State and Local Fiscal Recovery Funds as part of the America Rescue Plan. The City received its final allocation of this payment in May of 2022. The funds will

be used to support improvement in outdoor spaces, leverage an increase in affordable housing units, improve water infrastructure, and contribute to other needs that are important to the City of Duluth.

AWARDS AND ACKNOWLEDGMENTS

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Duluth, for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended December 31, 2021. This was the forty-sixth consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City had to publish an easily readable and efficiently organized ACFR, whose contents conform to both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current ACFR continues to conform to the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine eligibility for another certificate.

In addition, the City of Duluth also received the GFOA's Distinguished Budget Presentation Award for its annual budget document for the year 2022. In order to qualify for the Distinguished Budget Presentation Award, a governmental unit's budget must be judged proficient as a policy document, a financial plan, an operations guide, and a communications device.

When looking at a report such as this ACFR, it is sometimes difficult to comprehend how much time and effort is devoted by employees from the beginning of the audit to the final printing and distribution of the ACFR. As the requirements and demands of financial reporting in government increase, so too must the knowledge, effort and skills of a government's accounting staff; I wish to acknowledge the Financial Analysts and Accountants in the Finance Department who continue to meet this challenge.

Respectfully submitted,

Je Carlant

Jennifer Carlson, CPA Finance Director

Respectfully submitted,

Joshua Bailey, City Auditor

STATE OF MINNESOTA

Julie Blaha State Auditor Suite 500 525 Park Street Saint Paul, MN 55103

Independent Auditor's Report

The Honorable Emily Larson, Mayor and Members of the City Council City of Duluth, Minnesota

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Duluth, Minnesota, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, as listed in the table of contents. The financial statements and related notes of the Spirit Mountain Recreation Area Authority component unit's activities are included as of and for the year ended April 30, 2022.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Duluth, Minnesota, as of December 31, 2022, including the Spirit Mountain Recreation Area Authority component unit as of April 30, 2022, and the respective changes in financial position, and, where applicable, its cash flows thereof and the budgetary comparison of the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter - Change in Accounting Principle

As discussed in Note 1 to the financial statements, in 2022, the City adopted new accounting guidance by implementing the provisions of Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*, which represents a change in accounting principles. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit;
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
 City's internal control. Accordingly, no such opinion is expressed;
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting
 estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Other Postemployment Benefits Plan Schedules, PERA retirement plan schedules, and Notes to the Required Supplementary Information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Combining and Individual Fund Statements and Schedules, Capital and Lease Assets Used in the Operation of Governmental Fund Schedules, Schedule of Changes in Long-Term Debt, Duluth Economic Development Authority financial statements, Duluth JPE Trust financial statements, Schedule of Intergovernmental Revenue, and Schedule of Expenditures of Federal Awards and related notes, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information as identified above is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Introductory and Statistical Sections, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 14, 2023, on our consideration of the City of Duluth's and the Duluth Economic Development Authority component unit's internal control over financial reporting and on our tests of their compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of these reports is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to

provide an opinion on the effectiveness of the City of Duluth's and the Duluth Economic Development Authority component unit's internal control over financial reporting or on compliance. The reports are an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Duluth's and the Duluth Economic Development Authority component unit's internal control over financial reporting and compliance.

Management's Discussion and Analysis

(unaudited)

The City of Duluth's Finance Department has prepared this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2022, to assist users of this report to gain a better understanding of the City's financial health and history. The information presented in this section should be considered in conjunction with that presented in the letter of transmittal and the notes to the financial statements.

FINANCIAL HIGHLIGHTS

- The City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at December 31, 2022, by \$596.9 million; this amount is identified as net position.
- As of December 31, 2022, the City's governmental funds reported combined ending fund balances of \$116.5 million.
- Restricted fund balances were \$58.4 million of fund balance or 50.2%. These fund balances are not available
 for appropriation because of constraints placed on the use of these funds. The remaining fund balances of
 \$58.1 million, or 49.8%, are unrestricted and classified as committed, assigned, or unassigned.
- In 2007, the City created an irrevocable trust to pre-fund a portion of the City's Other Post-Employment Benefits (OPEB). As of December 31, 2022, the trust reported net position totaling \$84.4 million.
- As of December 31, 2022, the General Fund's unrestricted, unassigned fund balance was \$21.3 million, or 20.3% of total General Fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis serves as an introduction to the City's basic financial statements, which consists of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to give users a broad overview of the City's finances, in a manner similar to that of a private-sector business. The Statement of Net Position presents information on all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the net difference between the four reported as net position. Increases or decreases in net position over time may serve as a useful indicator of whether the City's financial position is improving or deteriorating. The Statement of Activities shows how the City's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event that caused the change occurs, regardless of the timing of the related cash flows. There are revenues and expenses reported in this statement for some items that will only result in cash flows in future fiscal years; examples include uncollected taxes and vacation days that are earned, but not used.

Both of the government-wide financial statements distinguish between functions that are mainly supported by taxes and intergovernmental revenues, and other functions that are intended to recover all or a significant portion of their costs through user fees and charges. The first functions are identified in the statements as governmental activities, while the latter functions are reported as business-type activities.

The City's governmental activities include general government, public safety, public works, culture and recreation, and urban and economic development. The City's business-type activities include water, gas, sewer, steam stormwater, broadband fiber, municipal golf courses, and parking. The government-wide financial statements include not only the City, referred to as the primary government, but also five legally separate component units, for which the City is financially accountable. Financial information for these component units is reported separately from the financial information of the City, as the primary government.

(unaudited)

Financial statements for the Duluth Economic Development Authority are included in the Supplementary Information section of this report. Complete financial statements for the Duluth Entertainment and Convention Center Authority, the Duluth Airport Authority, the Duluth Transit Authority, and the Spirit Mountain Recreation Area Authority can be obtained from their respective offices, the addresses of which are provided in Note 1 of the notes to the financial statements.

The two government-wide financial statements follow immediately after this discussion and analysis.

FUND FINANCIAL STATEMENTS

A fund is a set of related accounts that is used to control resources that have been segregated to carry on specific activities or to attain certain objectives in accordance with special regulations, restrictions, or limitations. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All City funds are divided into one of three categories: governmental funds, proprietary funds or fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. A major difference between the government-wide financial statements and the governmental fund financial statements is that the latter focuses on near-term inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the fiscal year. This information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental fund financial statements is narrower than the government-wide financial statements, it is useful to compare information presented for governmental funds with similar information presented for governmental activities in order to gain a better understanding of the long-term impact of the City's near-term financing decisions. The Governmental Fund Balance Sheet and the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance provide reconciliation to aid in the comparison of governmental funds with governmental activities.

The City maintains a number of individual governmental funds. Information is presented separately in the governmental fund financial statements for the General Fund, Local Fiscal Recovery Special Revenue Fund, and Community Investment Trust Special Revenue Fund, all of which are considered to be major funds. Data from the remaining governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds are included in the combining and individual fund section of this report.

The City adopts an annual appropriated budget for its General Fund. The Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual - General Fund, included in the basic financial statement section of this report, demonstrates compliance with this budget. There are also two more detailed General Fund budgetary schedules included in the combining and individual fund section of this report.

Proprietary Funds

The City maintains two different types of proprietary funds. The first type is enterprise funds, which are used to report the same functions presented as business-type activities in the government-wide financial statements. Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. Information is presented separately in the proprietary fund financial statements for the Priley Drive Parking Facility, Water, Gas, Sewer, and Steam funds, all of which are considered to be major funds. Data from the remaining enterprise funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor enterprise funds are included in the combining and individual fund section of this report.

(unaudited)

Internal service funds are the other type of proprietary fund. Internal service funds are used to accumulate and allocate costs internally among the City's various functions for self-insurance, employee medical benefits, compensated absences, and fleet services. Because these services predominantly benefit governmental functions rather than business-type functions, they have been included with the governmental activities portion of the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds are included in the combining and individual fund section of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside of the City and are not included in the government-wide financial statements because their resources are not available to support the City's programs. The accounting used for fiduciary funds is similar to that used for proprietary funds. The Statement of Fiduciary Net Position and the Statement of Changes in Fiduciary Net Position are included in the basic financial statement section of this report, while the statements for custodial funds are included in the combining and individual fund section of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also contains the combining and individual fund statements referred to earlier in connection with nonmajor governmental, nonmajor proprietary, internal service funds, fiduciary funds, and miscellaneous schedules. These schedules and statements follow the notes to the financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, over time, net position may serve as a useful indicator of the City's financial position. The largest portion of the City's net position is invested in capital assets (land, buildings, equipment, and infrastructure) less any related debt used to acquire those assets that is still outstanding. The City uses these assets to provide services to its citizens; therefore, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it is important to realize that the resources needed to repay the debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (12.3%) represents resources that are subject to external restrictions on how they may be used, with the largest amount set aside for debt service. The following table presents a summary of the City's net position at December 31 for the past two fiscal years (dollars in thousands):

(unaudited)

| | Governmental Activities | | | ss-type vities | Total | | |
|---|---|---|---|---|--|--|--|
| | 2022 | 2021 | 2022 | 2021 | 2022 | 2021 | |
| Current and other assets Capital assets* Total assets | \$229,552 339,192 \$568,744 | \$192,847 327,141 \$519,988 | \$ 83,118 334,403 \$417,521 | \$ 63,408 325,476 \$388,884 | \$312,670 673,595 \$986,265 | \$ 256,255 652,617 \$ 908,872 | |
| Deferred outflows of resources | \$ 77,615 | \$ 43,343 | \$ 10,624 | \$ 7,740 | \$ 88,239 | \$ 51,083 | |
| Long-term liabilities outstanding* Other liabilities Total liabilities | \$320,772 68,730 \$389,502 | \$226,135 47,715 \$273,850 | \$ 60,096 14,752 \$ 74,848 | \$ 56,181 11,554 \$ 67,735 | \$380,868 83,482 \$464,350 | \$282,316 59,269 \$341,585 | |
| Deferred inflows of resources | \$ 10,410 | \$ 80,016 | \$ 2,823 | \$ 15,891 | \$ 13,233 | \$ 95,907 | |
| Net position: Net investment in capital assets Restricted Unrestricted Total net position | \$285,470 71,315 (110,338) \$246,447 | \$274,610 59,986 (125,131) \$209,465 | \$289,769 2,016 58,689 \$350,474 | \$278,507 2,560 31,931 \$312,998 | \$ 575,239 73,331 (51,649) \$ 596,921 | \$553,117 62,546 (93,200) \$522,463 | |

^{*} Includes restatement of 2021 amounts for lease assets and lease liability per GASB Statement No. 87.

Overall, the City's net position improved in 2022. The City's total net position increased \$74.5 million, an increase of 14.3%. Net position invested in capital assets increased largely due to the City's utility infrastructure replacement along with construction activity in the City's Regional Exchange District (RED). The Regional Exchange District encompasses the City's primary medical district and has seen significant private investment in the form of new hospital expansions. In addition, the City experienced record sales tax figures in 2022.

In governmental activities, the increase in assets was due to continued investment in capital assets and significant grant proceeds. Capital additions, especially as they relate to the Regional Exchange District, have largely been grant driven which allows the City to improve its capital infrastructure without incurring a large amount of debt to do so. In 2022, the City received its second share of federal funding associated with the US Treasury's Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program. The City received approximately \$29 million associated with this program to assist the City in dealing with negative impacts associated with the recent pandemic. In governmental activities, the increase in total liabilities of \$115.7 million was largely due to a net OPEB liability increase and more significantly, a net pension liability increase. In addition, unearned revenue increased due to funds being received up-front, associated with the SLFRF program. Both the City's OPEB liability and pension liability are based on actuarial calculations. Changes in actuarial assumptions, differences between actual and projected investment earnings, and other factors are reported as deferred outflows and deferred inflows, and are amortized and expensed over several years in accordance with the Governmental Accounting Standards Board (GASB). Due to the large dollar amount that can be associated with these actuarially determined calculations, it is expected that substantial changes can occur from year to year in amounts reported as deferred outflows and inflows. Negative returns in the stock market and changes in actuarial assumptions were the primary driving force behind the large increase in the City's pension liability. See Notes 13 and 14 of the financial statements for more details on the City's pension and OPEB liabilities.

For business-type activities, the increase in total assets of \$28.6 million is largely due to capital related spending. Improvements to utility infrastructure have been partially funded by grant funds for Steam Utility improvements and other utility improvements. Higher natural gas prices have driven up utility assets as well. Long-term liabilities

(unaudited)

increased due to the pension liability calculation. This increase was partially offset by the pay down of utility related bonds and notes.

To give users a better understanding of the sources and uses of the City's net position, the following table presents a summary of revenues, expenses, and changes in net position for the past two fiscal years ending December 31 (dollars in thousands):

| | Governmental Activities | | Busine: Activ | • • | Total | | |
|--|-------------------------|------------|------------------|-----------|------------|------------|--|

Governmental activities revenue increased by \$29.6 million in 2022. This increase is due to increased sales and property tax revenue, combined with significant grant proceeds. Revenues were negatively impacted by investment returns. Tourism tax related collections continued a strong recovery from the negative impacts of the pandemic in

(unaudited)

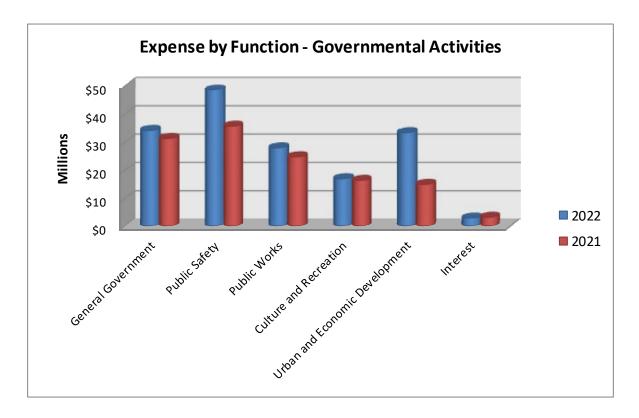

2020. Tourism related sales taxes increased 10.8% over 2021. The City's property tax levy increased 9.9% from 2021 to 2022. This increase provided funding for the City's Housing Trust Fund and increased operational costs. The City recognized significant grant revenue associated with the SLFRF and RED funding mentioned earlier in this narrative. The poor stock market performance in 2022 resulted in a \$5.6 million in investment revenue loss for the Community Investment Trust fund. Business-type activities revenue increased \$38.2 million. The increase in revenue is largely associated with higher natural gas prices which resulted in a substantial increase in natural gas sales from 2021 to 2022. The City's water fund had significant SLFRF funded improvements including water mains and water meters in 2022.

Total expenses increased \$37.1 million for governmental activities. Changes in expenditures are becoming more difficult to easily analyze at the surface level due to the impact of GASB Statements No. 68 (pension liability) and 75 (OPEB liability). These liabilities, and associated deferred outflows and inflows, are actuarially determined. Changes in actuarial assumptions, investment performance, and other factors are not expensed immediately, but instead are reported as deferred outflows and inflows and expensed over future years. Further detail on these two items can be found in Notes 13 and 14 of the financial statements. In 2022, the City had significant increased expenditures in urban and economic development. The increase in urban and economic development spending is mainly associated with RED funding used for the development in the City's medical district.

Business-type activities expenses increased \$19.1 million. The majority of the increase was in the Gas fund due to the increased cost of natural gas.

(unaudited)

FUND FINANCIAL ANALYSIS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

GOVERNMENTAL FUNDS

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. This information is helpful in assessing the City's financing requirements; fund balance may be an especially useful measure of the net resources available for spending at the end of the fiscal year.

As of December 31, 2022, the City's governmental funds reported combined ending fund balances of \$116.5 million, an increase of \$5.0 million from 2021. Of the total fund balance amount, \$58.1 million, or 49.8%, is reported as unrestricted fund balance, either committed, assigned, or unassigned. The unrestricted fund balance includes \$31.1 million in committed funds which are formally designated by City Council resolution for specific purposes. The Community Investment Trust Special Revenue fund makes up 85.0% of the committed fund balance. Restricted fund balance of \$58.4 million is primarily composed of funds dedicated to debt service and capital projects.

The General Fund is the main operating fund of the City. At December 31, 2022, fund balance of the General Fund was \$28.8 million, with \$21.3 million, or 73.9% reported as unassigned. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance is 20.3% and total fund balance is 27.5% of total General Fund expenditures. The General Fund's fund balance increased \$3.3 million in 2022. Strong sales tax collections were a large driving force behind the fund balance increase.

The Community Investment Trust Special Revenue fund balance decreased \$6.1 million in 2022. This decrease was due to the performance of the portfolio holdings in a poor year for the stock market.

(unaudited)

The Local Fiscal Recovery Special Revenue fund was established in 2021. The City received over \$58 million combined in 2021 and 2022 related to the US Treasury's Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program. The funds will be used on a variety of projects such as water related infrastructure, low income housing, and building ventilation improvements.

PROPRIETARY FUNDS

The City's proprietary funds provide the same type of information found in the government-wide financial statements, only in more detail. The following table shows the unrestricted net position for each of the City's major proprietary funds, as well as the change in net position for each fund during the past two fiscal years (dollars in thousands):

| | Unrestricted Net Position December 31 | | | | Net Position Net Po | | | | | ositic | on ´ |
|-------------------------------|---------------------------------------|------|-------|-------|---------------------|--------|----|---------|--|--------|------|
| | 2022 | | 2021 | | | 2022 | | 2021 | | | |
| Priley Drive Parking Facility | \$ | 499 | \$ | 466 | \$ | (272) | \$ | (285) | | | |
| Water | 13 | ,997 | | 9,527 | | 11,449 | | 6,561 | | | |
| Gas | 13 | ,314 | | 5,819 | | 8,644 | | 2,870 | | | |
| Sewer | 10,260 | | 6,764 | | | 3,295 | | 5,075 | | | |
| Steam | 3 | ,853 | | (553) | | 6,898 | | (1,180) | | | |

Unrestricted net position for the major proprietary funds above increased by \$19.9 million from 2021 to 2022. A large portion of this increase was in the Gas fund of \$7.5 million. As mentioned earlier, higher natural gas prices resulted in an increase in natural gas sales from 2021 to 2022. Overall, the change in the total net position for the above funds was an increase of \$30 million. Of particular note, the Steam fund had an increase in total net position of \$6.9 million. There was \$8 million in intergovernmental revenue related to the Regional Exchange District recorded in the Steam fund in 2022. These revenues contributed to the increase in the Steam fund net position.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the year there was a \$12.6 million increase in appropriations between the original and final amended budget. Following are the main components of the increase:

- \$0.6 million appropriation increase for prior year carryovers;
- \$0.2 million appropriation increase for grants, gifts and donations; and
- \$11.8 million appropriation increase for other budget allowable additions.

The carryover appropriation increase was possible due to prior year fund balance reserves. The other appropriation increases were offset by associated revenues.

Comparison of actual results (budgetary basis) to the final modified budget disclosed the following significant differences:

- Revenues and other financing sources were over budget by \$3.1 million. This favorable variance can be attributed to higher than anticipated sales tax revenue and building inspection fees.
- Expenditures and transfers were under budget by \$0.2 million due primarily to savings in personnel costs.

(unaudited)

CAPITAL ASSET AND DEBT ADMINISTRATION

CAPITAL ASSETS

The City's investment in capital assets for its governmental and business-type activities as of December 31, 2022, was \$673.6 million, net of accumulated depreciation. This investment includes land and improvements, buildings, equipment, right-to-use leased assets, roads and bridges, traffic signals, and utility-related infrastructure. In 2022, the City's total investment in capital assets, net of accumulated depreciation, increased by \$21.0 million. Major capital asset additions in 2022 included: 1st Street improvements of \$3.5 million, 21st Avenue East Reconstruction of \$3.3 million, hospital constructed road improvements in the medical district of \$8.0 million, and utility related infrastructure improvements of \$10.5 million. Additional information related to the City's capital assets can be found in Note 7 of the notes to the financial statements. The following table shows the City's investment in capital assets, net of accumulated depreciation at December 31 for the past two fiscal years (dollars in thousands):

| | Govern Activ | | | ss-type vities |

^{*} Includes restatement of 2021 amounts for lease assets per GASB Statement No. 87.

LONG-TERM DEBT

The City had \$133.8 million of bonded debt outstanding as of December 31, 2022. Of this amount, \$100.7 million of debt is backed by the full faith and credit of the City. The City had \$0.2 million of special assessment debt for which the City is obligated only to the extent that collections from special assessments are insufficient to retire the outstanding bonds. The City has a contingent liability for the \$33.1 million outstanding revenue and general obligation bonds if income from various enterprise operations is insufficient to retire their respective bonds. Several types of revenue bonds constitute the remainder of the City's debt, and are secured solely by specific revenue sources. The following table shows the City's outstanding bonded debt for both governmental and business-type activities as of December 31 for the past two fiscal years (dollars in thousands):

(unaudited)

| | Balance 12/31/22 | Balance 12/31/21 |
|---|---------------------|---------------------|
| Governmental Activities: | | |
| General Obligation Bonds | \$ 77,220 | \$ 81,360 |
| General Obligation Tax Abatement Bonds | 9,215 | 9,695 |
| Special Asessment Debt with | | |
| Government Commitment | 185 | 645 |
| General Obligation Certificates | 14,125 | 14,185 |
| Total Governmental Activities Bonded Debt | \$100,745 | \$105,885 |
| | | |
| Business-type Activities: | | |
| Revenue and General Obligation Bonds | \$ 33,098 | \$ 36,123 |

During 2022, the City's total bonded debt decreased by \$8.2 million.

In 2022, the City issued \$1.7 million of general obligation bonds and \$3.4 million of general obligation certificates. The City has an "Aa2" rating from Moody's Investors Service and an "AA" rating from Standard and Poor's.

State statutes limit the amount of general obligation debt the City can incur to no more than 2% of the market value of taxable property in the City. The City's current legal debt margin is \$160.1 million, which is significantly higher than the City's net debt of \$37.2 million. Additional information about the City's long-term debt can be found in Note 10 of the notes to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The final approved 2023 General Fund budget is \$105.9 million. State local government aid (LGA) payments are anticipated to supply 29.1% of General Fund revenues. State aid payments are the single biggest financing source for the General Fund.

Since its inception in 1971, state aid has undergone many changes. These changes include modifications to the formula, legislative cuts, and governor unallotments in times of state budget deficits. From 2010 through 2014, local government aid to the City was reduced below the 2009 level. From 2014 through 2019, LGA remained relatively flat. In 2020, the City saw an increase of \$578 thousand and at this time the City's certified LGA amount is \$30.81 million, which is far short of the \$42 million needed to keep up with inflationary adjustments. Currently, there are versions of bills in the State Legislature that would increase the appropriation and update the formula. The City is hopeful these changes will take place, and that the City will see a substantial increase in 2024.

In 2021, the City contracted with an actuary to calculate its annual required contribution for OPEB in accordance with GASB Statement No. 75. For the year ended December 31, 2022, the City made contributions of \$2.4 million to an irrevocable trust and paid out \$11.3 million in retiree claims. As of December 31, 2022, the City's net OPEB liability is \$66.9 million.

Adapting to significant changes in levels of state aids, combined with inflationary tendencies in employee salaries and benefits, including funding OPEB, continues to be a major budget challenge for the City.

REQUESTS FOR INFORMATION

This financial report is meant to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning information provided in the report or requests for additional financial information should be addressed to the City Auditor's Office, 411 West First Street, Room 120, Duluth, MN 55802, or contact the City Auditor via email at jbailey@duluthmn.gov.

CITY OF DULUTH, MINNESOTA RECONCILIATION OF GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION DECEMBER 31, 2022

| Fund Balance-total governmental funds | | \$ 116,461,809 |
|--|--|-------------------|
| Amounts reported for governmental activities in the statement of net position are different because: | | |
| Capital and lease assets used in governmental activities are not financial resources, and therefore are not reported in the funds. The cost of the assets is \$645,366,319, and the accumulated depreciation is \$306,394,325. | | 338,971,994 |
| Other long-term assets are not available to pay for current period expenditures, and therefore are deferred in the funds. | | 29,997,810 |
| Deferred outflows of resources and deferred inflows of resources are created as a result of various differences related to pensions and debt refunding that are not recognized in the governmental funds. | | |
| Deferred pension obligation outflows Deferred OPEB outflows Deferred loss from debt refunding Deferred pension obligation inflows Deferred OPEB inflows | 72,971,885 2,368,544 1,896,404 (3,738,068) (4,616,932) | 68,881,833 |
| Internal service funds are used by management to charge the costs of fleet services, group health insurance, loss control activities, and vacation benefits payable to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position for \$12,759,533 less \$6,776,283 attributed to business-type activities. | | 5,983,250 |
| Long-term liabilities, including bonds payable, are not due and payable in the current period, and therefore are not reported in the funds. Long-term liabilities at year-end consist of: Bonds, notes, and purchase agreements payable Leases payable Other post employment benefits Net pension liability Interest accrued on long-term debt | 112,730,306 4,546,968 76,335,901 118,659,356 1,577,153 | (313,849,684) |
| Net position of governmental activities | | \$ 246,447,012 |

CITY OF DULUTH, MINNESOTA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2022

| Net change in fund balances - total governmental funds | | \$ | 5,033,658 |
|--|------------------------------------|----|-------------------------|
| Amounts reported for governmental activities in the statement of activities are different because: | | | |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are: Capital outlay Depreciation expense Excess of capital outlay over depreciation expense | 31,393,825 (19,425,175) | | 11,968,650 |
| Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue of \$3,116,976 from internal funds less \$510,361 attributed to business-type activities is reported with governmental activities. | | | 2,606,615 |
| Bond and lease proceeds provide current financial resources to governmental funds; however, issuing debt increases long-term liabilities in the statement of net position. In the current period, proceeds were received from: Bonds and leases issued, including a bond premium of \$359,784 | | | (7,911,914) |
| Repayment of long-term debt is reported as an expenditure in governmental funds, but the repayment reduces long-term liabilities in the statement of net position. In the current year, these amounts consist of: Bond, lease, and purchase agreement principal retirement | | | 10,805,904 |
| Because some revenues will not be collected for several months after the City's fiscal year ends, they are not considered "available" revenues and are deferred in the governmental funds. Unavailable revenues increased by this amount this year. | | | 5,938,084 |
| Some items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These activities consist of: Net decrease in accrued interest | 12,951 | | |
| Decrease in net other post employment benefits payable and related deferred inflows and deferred outflows Increase in pension obligation and related deferred inflows and | 10,361,223 (2,752,186) | | |
| deferred outflows Increase in allowance for doubtful accounts Amortization of deferred loss on debt refunding Amortization of bond premiums | (36,100) (171,104) 1,126,658 | | 0.544.440 |
| Total additional expenditures Change in net position of governmental activities | | • | 8,541,442 36,982,439 |
| Change in het position of governmental activities | = | φ | 30,302,433 |

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Duluth was first incorporated in 1870. The City has operated under the Mayor-Council form of government since 1956, with five council members elected from geographical districts and four members elected at-large. The term of office of the Mayor and Council members is four years.

The accounting policies of the City and its component units conform to generally accepted accounting principles. Accounting policies of the component units are disclosed with those of the City. Any differences or additional policies are identified by each component unit.

REPORTING ENTITY

For financial reporting purposes, the City has included all funds, organizations, agencies, boards, commissions, and authorities, and has considered all potential component units for which the City is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization, or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the City.

DISCRETELY PRESENTED COMPONENT UNITS

As required by generally accepted accounting principles, the financial statements in this report present the City, the primary government, and its five component units: the Duluth Economic Development Authority (DEDA), the Duluth Entertainment and Convention Center Authority (DECC), the Duluth Airport Authority, the Duluth Transit Authority, and the Spirit Mountain Recreation Area Authority. The component units are included as part of the City's reporting entity because of the significance of their operational or financial relationships with the City. Each component unit has a December 31 year-end, except for the Spirit Mountain Recreation Area Authority, which has an April 30 year-end.

The governing board of each component unit is appointed by the Mayor and approved by the City Council, except for the DECC, which has seven City appointees and four directors appointed by the Governor of Minnesota. Three of the seven board members of DEDA must be City Councilors.

The Council approves the budget of each component unit. The Council also approves the issuance and funding of debt for each component unit. The Council currently provides an annual subsidy to the DECC and the Spirit Mountain Recreation Area Authority. For the Duluth Transit Authority, the Council approves rate changes and approves an annual tax levy to finance operating and capital needs. The Council must approve any expenditure greater than \$100,000 for DEDA.

Combining statements for the City's component units are presented in the basic financial statements section of this report. Financial statements for DEDA are included as schedules in the supplementary information section of this report. Complete financial statements for each of the other component units can be obtained from their respective offices at the following addresses:

Duluth Economic Development Authority 411 West First Street Room 402 Duluth, MN 55802

Duluth Entertainment and Convention Center Authority 350 Harbor Drive Duluth, MN 55802 Duluth Transit Authority 2402 West Michigan Street Duluth, MN 55806

Spirit Mountain Recreation Area Authority 9500 Spirit Mountain Place Duluth, MN 55810

Duluth Airport Authority Duluth International Airport 4701 Grinden Drive Duluth, MN 55811

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Exceptions include payments-in-lieu of taxes and payments for utilities between the General Fund and various enterprise funds. Governmental activities, which are supported mostly by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges. The financial data of the City's component units is discretely presented in a separate column in the combined financial statements to emphasize that they are legally separate from the City.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City considers revenues to be available if they are collected within 45 days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Property taxes, sales and excise taxes, franchise taxes, special assessments, licenses, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The City reports the following major governmental funds:

General Fund The City's primary operating fund. It accounts for all financial transactions not

accounted for in another fund.

Local Fiscal Recovery

Funds

This fund accounts for the City's award of Coronavirus State and Local Fiscal Recovery Funds (SLFRF). This funding provides support to the City in its

response to and recovery from the COVID-19 public health emergency.

Community Investment

Trust Fund

This fund accounts for the City's share of revenues that were received from the operation of the Fond du Luth Casino, in accordance with an agreement with the Fond du Lac Band of Lake Superior Chippewa. Monies are to be used to finance future capital improvements of the City, with investment earnings of the fund to

be transferred annually to the General Fund.

The City reports the following major proprietary funds:

Priley Drive Parking Facility Enterprise Fund This fund accounts for the construction, operation, and maintenance of the

parking ramp located at 410 West First Street.

This fund accounts for the collection, treatment, and distribution of water. Water Enterprise Fund

This fund accounts for the distribution of natural gas, as well as inspection, **Gas Enterprise Fund**

maintenance and servicing of customer gas utilization equipment.

This fund accounts for the operation and maintenance of the sanitary sewer **Sewer Enterprise Fund**

system.

This fund accounts for the generation and distribution of steam in the downtown **Steam Enterprise Fund**

Additionally, the City reports the following fund types:

These funds account for fleet services, insurance coverage for property, Internal Service Funds

> casualty, liability, workers' compensation, medical and dental claims, and compensated absences, provided to other departments, employees, authorities

of the City, or to other governmental units, on a cost reimbursement basis.

This fund accounts for an irrevocable trust established for funding other **Trust Fund**

postemployment benefits for eligible retired employees under a single-employer

defined benefit plan.

Custodial Fund This fund accounts for assets held by the City as an agent for the Duluth 1200

Loan Fund.

The City's financial statements are prepared in accordance with generally accepted accounting principles (GAAP) as of and for the year ended December 31, 2022. GASB is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). The more significant accounting policies established in GAAP and used by the City are discussed below.

1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and internal service funds are charges to customers and participants for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

CASH AND CASH EQUIVALENTS

Available cash balances from all funds are pooled and invested in accordance with Minnesota statutes. Each fund's share of the pool is shown on the financial statements as "Cash and Cash Equivalents." For reporting purposes, petty cash and change funds are also considered cash and cash equivalents. For proprietary fund-type statement of cash flows, all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased, are considered to be cash equivalents. Investments are stated at fair value.

ASSETS HELD BY TRUSTEE

These assets are funds held pursuant to a self-insurance trust agreement.

RECEIVABLES AND PAYABLES

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is reported as interfund loans receivable/payable. All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as internal balances.

Amounts due from individuals, organizations, or other governmental units are recorded as receivables at yearend. These amounts include charges for services rendered, or for goods and materials provided by the City, including amounts for unbilled services. Receivables are shown net of an allowance for uncollectible accounts where applicable. Receivables are also recognized for property taxes, sales and excise taxes, loans, assessments, accrued interest, and intergovernmental grants.

Taxes and tax increments receivable consist of uncollected taxes levied and payable in prior years, net of allowance for uncollectible taxes. These receivables are deferred to indicate they are not available to finance expenditures of the current fiscal period.

Loans receivable include both the current and long-term portions of loans issued by the City. Business development loans are reported in both special revenue and custodial funds. Most of these loans receivable are reported as an asset in the amount of loan proceeds disbursed. However, some loans, depending on their original funding source, report unavailable revenue equal to the loan amount, and recognize revenue when principal payments are received. Loans made at terms where the stated interest rate is significantly less than prevailing market interest rates are reported as an asset at the present value of the loan. Low interest home energy loans accounted for in the Gas Enterprise Fund, report a loan receivable and a contract payable in the amount of the loan agreement.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Assessments receivable include current, delinquent, and deferred assessments for garbage service, razings, administration fines, as well as for street and utility improvements. Because the City requires all property owners to contract for garbage collection, the City assesses property owners for unpaid garbage bills, as a service to the licensed garbage haulers. These assessments are reported in the General Fund. The amount reported by the garbage haulers as unpaid is set up as a receivable and the revenue is deferred. As payments are received, a payable to the contractor is set up. Any unpaid assessments at year-end are certified to St. Louis County for payment with the following year's property taxes. Revenue is recognized for any penalties and interest the County collects on the City's behalf.

Assessments for street improvements are reported in a governmental fund, and revenues are deferred until the collections are received. Assessments for utility improvements are reported in proprietary funds.

DEFERRED OUTFLOWS/INFLOWS OF RESOURCES / UNEARNED REVENUE

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, the City has three items that qualify for reporting in this category: deferred amounts from debt refunding, deferred pension obligations, and OPEB obligations. The City reports these deferred outflows under the full accrual basis of accounting and, accordingly, are reported only in the statement of net position.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The City has four types of items that qualify for reporting in this category: unavailable revenue, lease related, deferred pension obligations, and OPEB inflows. Unavailable revenue and lease related inflows are reported in the governmental funds balance sheet. Unavailable revenue arises under the modified accrual basis of accounting and, accordingly, is reported only in the governmental funds balance sheet. The unavailable revenue amount is deferred and recognized as an inflow of resource in the period that the amounts become available. The lease related inflow is recognized as revenue when the lease payments have been made and, accordingly, is also reported on the statement of net position. The City also reports deferred inflows of resources associated with pension and OPEB benefits. These inflows arise only under the full accrual basis of accounting and are only reported in the statement of net position.

Governmental funds and government-wide financial statements report unearned revenue in connection with resources that have been received, but not yet earned.

INVENTORIES AND PREPAID ITEMS

The inventories of the enterprise funds consist of expendable supplies held for consumption. Fuel, chemicals, and service department inventories are priced at cost using the first-in, first-out method and are based on an annual physical inventory. The inventory of the internal service funds consists of materials and supplies which are on a perpetual inventory system and are priced using the first-in, first-out method.

The inventories of the Duluth Entertainment and Convention Center Authority and the Spirit Mountain Recreation Area Authority component units consist of merchandise held for resale and are based on a physical inventory and priced at the lower of cost or market using the first-in, first-out method.

The inventory of the Duluth Airport Authority component unit consists of materials and supplies held for consumption. They are priced at the lower of cost or market on a first-in, first-out method.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

The inventory of the Duluth Transit Authority component unit consists of materials, supplies, and fuel. The diesel fuel and gasoline inventories are based on perpetual records and priced using the moving average method. The materials and supplies inventory is also based on perpetual records but priced at cost using the first-in, first-out method.

The City Council has authorized the Department of Public Works and Utilities to enter into cooperative agreements for the purpose of purchasing and storing natural gas for future use.

Several enterprise funds have prepaid assets related to positive net OPEB calculations. In these cases, assets available for OPEB exceed the OPEB liability.

RESTRICTED ASSETS

Restricted assets consist of customer deposits, employee flexible benefits plan, sewer surcharges, bond monies specified for construction, and monies restricted for the payment of bond principal and interest.

CAPITAL ASSETS

Capital assets, which include property, plant, equipment, infrastructure assets (e.g., roads, bridges, trails, and similar items), and right-to-use assets acquired under leasing arrangements are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an initial, individual cost of more than \$5,000 for equipment, \$50,000 for buildings and infrastructure, and all property which has an estimated useful life in excess of five years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value.

The cost of normal maintenance and repairs that does not add to the value of the asset or materially extend an asset's life is not capitalized.

Property, plant, and equipment is depreciated using the straight-line method over the following estimated useful lives, while right-to-use assets are amortized over the shorter of the underlying assets estimated useful life or lease term:

| Assets | Years |
|--|-------|
| Buildings | 10-75 |
| Equipment | 5-40 |
| Infrastructure | 10-80 |
| Right-to-use Land, Buildings, and Equipmment | 5-46 |

COMPENSATED ABSENCES

Employees are granted from 5 to 35 vacation days per year depending on their years of service and union bargaining unit. Depending on the bargaining unit, varying amounts of vacation may be accumulated and carried over to the succeeding year.

A liability for unused vacation is reported in an internal service fund and the governmental activities column of the government-wide statement of net position for employees paid from governmental funds. All other liabilities for employees' unused vacation is recognized in the fund from which they are paid. Compensated absences are liquidated from the fund where an employee's salary is charged.

1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

Sick leave is recorded as an expenditure or expense when paid. Employees are granted from 18 to 120 days of sick leave each year, depending on their union bargaining unit. Employees are not compensated for unused sick leave. Any contingent liability for unused sick leave has not been determined and is not recognized in the financial statements.

LONG-TERM OBLIGATIONS

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, and proprietary fund type statements of net position. Bond premiums and discounts are amortized over the life of the bonds.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

FUND EQUITY

In the fund financial statements, governmental funds report the following fund balance classifications:

Nonspendable - amounts that cannot be spent because they are not in spendable form or that are legally or contractually required to be maintained intact.

Restricted - amounts to be used for specific purposes as determined by enabling legislation or imposed by grantors or debt covenants.

Committed - amounts to be used for specific purposes as determined by Council resolution. The City's formal actions, or board resolutions, are the highest decision making level and remain binding unless removed in the same manner.

Assigned - amounts intended to be used for certain purposes as determined by Council resolution or by joint action by the Chief Administrative Officer and Chief Financial Officer pursuant to the City's Fund Balance Reporting and Governmental Fund Type Definitions Policy.

Unassigned - residual balances in the General Fund that have not been restricted, committed or assigned. Other governmental funds may report a negative unassigned fund balance should the total of nonspendable, restricted, and committed fund balances exceed the total net resources of the fund.

It is the City's policy to use restricted resources first and then unrestricted resources as needed. When unrestricted resources are available for use, it is the City's policy to use resources in the following order; first committed, then assigned, and finally unassigned. Fund balance commitments may be established, modified, or rescinded by Council resolution.

RECLASSIFICATIONS

Several account balances were reclassified for the year ended December 31, 2022, as previously reported. These reclassifications were required for the comparability to the current year's financial statements and must be considered when comparing the financial statements of this report with those of prior reports.

1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

PENSIONS

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates, and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Plan investments are reported at fair value. The pension liability is liquidated through the general fund and other governmental funds, and proprietary funds that have personnel services.

CHANGE IN ACCOUNTING PRINCIPLES

During the year ended December 31, 2022, the City adopted new accounting guidance by implementing the provisions of Government Accounting Standards Board (GASB) No. 87, *Leases*, which establishes criteria for accounting and financial reporting for leases. The implementation of this statement resulted in changing the presentation of the basic financial statements by increasing the beginning balance of the right to use capital assets and the beginning balance of the lease liability by \$2,275,011. Beginning capital assets and purchase agreement payable were increased by \$1,188,626 for an item previously recorded as an operating lease. Additionally, the City restated the beginning balances of leases receivable and deferred inflows of resources by \$3.840.695.

The Duluth Economic Development Authority (DEDA) implemented GASB 87 as well. The implementation of this statement resulted in changing the presentation of the basic financial statements by increasing the beginning balance of the right to use capital assets and the beginning balance of the lease liability by \$1,630,645. Additionally, DEDA restated the beginning balances of leases receivable and deferred inflows of resources by \$1,630,645. DEDA has a lessor arranagement associated with its lessee obligations which accounts for these two dollar amounts being identical.

Information on the impact of GASB 87 on the Duluth Entertainment and Convention Center Authority, Duluth Transit Authority, and Duluth Airport Authority can be found in the separately issued reports for those entities.

Due to having a April 30, 2022 year-end, GASB 87 has not yet been implemented for Spirit Mountain Recreation Area Authority.

2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

BUDGETARY INFORMATION

The budget is adopted on a basis consistent with generally accepted accounting principles, except that encumbrances are treated as budgeted expenditures in the year in which the commitment to purchase is made, and new leases are not budgeted.

By mid-September, the Mayor must submit a proposed budget to the City Council for its consideration and approval. The Council meets with the various operating departments and component units to review their budget requests. In December, a public hearing is held to discuss the proposed tax levy and budget. The Council must then adopt a final budget before year-end.

The budget ordinance approved by the Council establishes appropriations for the General Fund. The total of all appropriations within a department are defined as a budget item and form the legal level of budgetary control, as defined in the budget ordinance. The Mayor, Chief Administrative Officer, or a designee may make transfers between appropriations. However, the total of all transfers to or from any budget item in excess of 10% of that budget item must be approved by the City Council. The budget ordinance allows the budget to be increased for reimbursements received for damages or repairs to city property or work done for others and not anticipated in the original budget. It also allows for grants accepted by city council resolution to be added to the budget. Finally, the budget ordinance requires that use of the General Fund's fund balance that has been assigned in a prior year must be approved by the Council if used for a purpose other than what had been specified. The Council may revise the budget at any time by ordinance upon recommendation by the Administration.

Encumbrance accounting is used in governmental funds. Encumbered appropriations for purchase orders or contracts are carried over into the following year, while the unencumbered appropriations lapse at the end of the year. Outstanding encumbrances at year-end are reported as either an assigned or a restricted fund balance, since they do not constitute expenditures or liabilities.

FEDERAL AUDIT REQUIREMENTS

The Single Audit Act requires the City to have a single, independent audit of its financial operations, including compliance with certain provisions of federal law and regulations. This audit requirement was complied with for fiscal year ended December 31, 2022. An auditor's report on compliance and internal accounting control will be issued at a later date.

DEFICIT FUND EQUITY

The Local Fiscal Recovery fund had a deficit net position of \$428,422 at the end of the current fiscal year due to change in fair value of investments. This will be eliminated upon holding pooled investments to maturity or a change in market interest rates.

The following special revenue funds had deficit fund balances due to grants earned but not received within 45 days of the end of the current fiscal year: Disaster Recovery - \$3,570,666, Home Investment Partnerships Program - \$26,606, and Senior Employment - \$736. These deficits will be eliminated upon receipt of the grant funds. The Lake Superior Zoo deficit fund balance of \$34,816 will be eliminated through operational changes and efficiencies.

The following capital project funds had a deficit fund balance at the end of the current fiscal year: Regional Exchange District - \$2,770,879 which will be eliminated through future grant proceeds.

The following internal service funds had a deficit net position at the end of the current fiscal year: Employee Vacation Compensation - \$35,641 due to change in fair value of investments. This will be eliminated upon holding pooled investments to maturity or a change in market interest rates, Fleet Services - \$620,793 which will be eliminated through future charges.

The Golf enterprise fund had a deficit net position of \$1,338,702 at the end of the current fiscal year which will be eliminated through operational changes and efficiencies.

3. DEPOSITS AND INVESTMENTS

Reconciliation of City's total cash and investments to the basic financial statements follows:

| Government-wide Statement of Net Position Governmental Activities | |
|---|----------------|
| Cash and cash equivalents | \$ 148,786,460 |
| Investments, at fair value | 26,474,776 |
| Assets held by trustee | 14,442,033 |
| Business-type Activities | |
| Cash and cash equivalents | 36,179,450 |
| Cash and cash equivalents - restricted assets | 2,308,593 |
| Discrete Component Units | |
| Cash and cash equivalents | 24,126,881 |
| Cash and cash equivalents - restricted assets | 1,485,559 |
| Statement of Fiduciary Net Position | |
| Cash and cash equivalents | 2,720,934 |
| Investments, at fair value | 82,947,026 |
| Total Cash and Investments | \$ 339.471.712 |

DEPOSITS

Minnesota Statutes § 118A.02 and § 118A.04 authorize the City to deposit its cash and to invest in certificates of deposit in financial institutions designated by the City Council. The fair value of collateral pledged shall be at least ten percent more than the amount on deposit plus accrued interest at the close of the financial institution's banking day, not covered by insurance or bonds.

Authorized collateral includes treasury bills, notes and bonds; issues of United States government agencies; general obligations rated "A" or better; revenue obligations rated "AA" or better; irrevocable standard letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral.

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a financial institution failure, the City's deposits may not be returned to it. It is the City's policy to obtain pledged collateral for all deposits in excess of FDIC insurance. As of December 31, 2022, deposits with financial institutions were fully insured or collateralized by securities held in the City's name.

INVESTMENTS

Minnesota Statutes § 118A.04 and § 118A.05 authorize the following types of securities available to the City for investment:

1) governmental bonds, notes, bills, mortgages (excluding high-risk mortgage-backed securities defined in Minnesota Statute § 118A.04 subdivision 6), and other securities, which are direct obligations or are guaranteed or insured issues of the United States, its agencies, its instrumentalities, or organizations created by an act of Congress.

3. **DEPOSITS AND INVESTMENTS** (continued)

- 2) any security which is (1) a general obligation of any state or local government with taxing powers which is rated "A" or better by a national bond rating service; (2) a security which is a revenue obligation of any state or local government which is rated "AA" or better by a national bond rating service; and (3) a general obligation of the Minnesota Housing Finance Agency which is a moral obligation of the State of Minnesota and is rated "A" or better by a national bond rating agency.
- 3) commercial paper issued by United States corporations or their Canadian subsidiaries that is rated in the highest quality category by at least two nationally recognized rating agencies and matures in 270 days or less.
- 4) time deposits that are fully insured by the Federal Deposit Insurance Corporation or bankers' acceptances of United States banks.
- 5) general obligation temporary bonds of the same governmental entity issued under Minnesota Statutes § 429.091, subdivision 7, § 469.178, subdivision 5, or § 475.61, subdivision 6.
- 6) repurchase agreements consisting of collateral allowable in Minnesota Statute § 118A.04, and reverse repurchase agreements may be entered into with any of the following entities:
 - (1) a financial institution qualified as a "depository" of public funds of the government entity;
 - (2) any other financial institution which is a member of the Federal Reserve System and whose combined capital and surplus equals or exceeds \$10,000,000;
 - (3) a primary reporting dealer in United States government securities to the Federal Reserve Bank of New York; or
 - (4) a securities broker-dealer licensed pursuant to chapter 80A, or an affiliate of it, regulated by the Securities and Exchange Commission and maintaining a combined capital and surplus of \$40,000,000 or more, exclusive of subordinated debt.

Reverse agreements may only be entered into for a period of 90 days or less and only to meet short-term cash flow needs. In no event may reverse repurchase agreements be entered into for the purpose of generating cash for investments, except as stated in Minnesota Statute § 118A.05, subdivision 3.

- 7) securities lending agreements, including custody agreements, may be entered into with a financial institution meeting the qualifications of Minnesota Statute § 118A.05, subdivision 2, clause (1) or (2), and having an office in Minnesota. Securities lending transactions may be entered into with entities meeting the qualifications of Minnesota Statute § 118A.05, subdivision 2, and the collateral for such transactions shall be restricted to the securities described in Minnesota Statutes § 118A.05.
- 8) agreements or contracts for:
 - (1) shares of a Minnesota joint powers investment trust whose investments are restricted to securities described in Minnesota Statutes § 118A.04 and § 118A.07, subdivision 7;
 - (2) units of a short-term investment fund established and administered pursuant to regulation 9 of the Office of the Comptroller of the Currency, in which investments are restricted to securities described in Minnesota Statutes § 118A.04 and § 118A.05;
 - (3) shares of an investment company which is registered under the Federal Investment Company Act of 1940, and which holds itself out as a money market fund meeting the conditions of rule 2a-7 of the Securities and Exchange Commission and is rated in one of the two highest rating categories for money market funds by at least one nationally recognized statistical rating organization; or

3. **DEPOSITS AND INVESTMENTS** (continued)

- (4) shares of an investment company which is registered under the Federal Investment Company Act of 1940, and whose shares are registered under the Federal Securities Act of 1933, as long as the investment company's fund receives the highest credit rating and is rated in one of the two highest risk rating categories by at least one nationally recognized statistical rating organization and is invested in financial instruments with a final maturity no longer than 13 months.
- 9) agreements or contracts for a guaranteed investment contract may be entered into if they are issued or guaranteed by United States commercial banks, domestic branches of foreign banks, United States insurance companies, or their Canadian subsidiaries. The credit quality of the issuer's or guarantor's short-and long-term unsecured debt must be rated in one of the two highest categories by a nationally recognized rating agency. Should the issuer's or guarantor's credit quality be down-graded below "A", the government entity must have withdrawal rights.

Interest Rate Risk. Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. The City minimizes its exposure to interest rate risk by limiting the investment horizon to either seven or ten years depending on the investment objective.

At December 31, 2022, the City had the following investments:

| Investment Type | Fair Value | Less than 1 year | 1-5 years | 0 | ver 5 Years |
|------------------------------------|----------------|------------------|------------------|----|-------------|
| U.S. Government Agency Securities | \$ 172,677,455 | \$ 158,390,571 | \$ 14,286,884 | \$ | - |
| Negotiable Certificates of Deposit | 18,653,005 | 6,603,981 | 12,049,024 | | - |
| Municipal Bonds | 17,300,723 | 1,985,740 | 13,313,790 | | 2,001,193 |
| Commercial Paper | 3,150,502 | 3,150,502 | - | | - |
| Mutual Funds | 122,959,410 | 122,959,410 | - | | |
| Total Investments | 334,741,095 | \$ 293,090,204 | \$ 39,649,698 | \$ | 2,001,193 |
| Deposits | 4,730,617 | | | | |
| Total Deposits and Investments | \$ 339,471,712 | • • | | | |

Component Units are included in the City's cash and investment pool. The component units do not have separately identifiable deposits or investments in the City's pool and, therefore, are aggregated with the City in the note disclosure.

Credit Risk. Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. It is the City's policy to invest only in securities that meet the ratings requirements set by state statute.

The City's exposure to credit risk as of December 31, 2022, is as follows:

| S & P Rating | Fair Value |
|----------------|--------------|
| AAA | \$ 8,196,531 |
| AA+ | 152,398,231 |
| AA | 4,546,289 |
| AA- | 434,521 |
| A+ | 484,930 |
| | |
| Moody's Rating | _ |
| Aaa | 36,925,885 |
| Aa2 | 438,950 |
| Aa3 | 90,449 |
| P-1 | 3,150,502 |

3. **DEPOSITS AND INVESTMENTS** (continued)

| Not Rated | |
|------------------------------------|----------------|
| Mutual Funds | 109,421,802 |
| Negotiable Certificates of Deposit | 18,653,005 |
| | |
| Total | \$ 334,741,095 |

Custodial Credit Risk. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. As of December 31, 2022, none of the City's investments were subject to custodial credit risk.

Concentration of Credit Risk. The concentration of credit risk is the risk of loss that may be caused by the City's investment in a single issuer. It is the City's policy that United States government and agency securities can be held without limit. Other investments in a single security type or with a single financial institution shall not exceed 50% of the City's total investment portfolio. The City limits its commercial paper holdings to a maximum of \$5,000,000 in any issuer. Investments in any one issuer that represent 5% or more of the City's investments are as follows:

| Issuer | Reported Amount |
|------------------------|-----------------|
| Federal Home Loan Bank | \$ 110,982,690 |
| United States Treasury | \$ 33,478,791 |

Fair Value of Investment. The City of Duluth measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices; and,
- Level 3: Unobservable inputs.

At December 31, 2022, the City of Duluth had the following recurring fair value measurements.

| | | Fair Value Measurements Using: | | | | ng: |
|---|----------------|--------------------------------|------------|----------------|----|---------|
| Investments By Fair Value Level | 12/31/2022 | | Level 1 | Level 2 | | Level 3 |
| U.S. Government Agency Securities | \$ 172,677,455 | \$ | 33,478,791 | \$ 139,198,664 | \$ | - |
| Negotiable Certificates of Deposit | 18,653,005 | | - | 18,653,005 | | - |
| Municipal Bonds | 17,300,723 | | - | 17,300,723 | | - |
| Commercial Paper | 3,150,502 | | - | 3,150,502 | | - |
| Total Investments by Fair Value | \$ 211,781,685 | \$ | 33,478,791 | \$ 178,302,894 | \$ | _ |
| Investments Measured at Net Asset Value (NAV) | | | | | | |
| Mutual Funds | 13,537,608 | | | | | |
| Total Investments by Fair Value | | | | | | |
| and Measured at NAV | 225,319,293 | | | | | |
| Deposits | 4,730,617 | | | | | |
| State Board of Investment Funds | 109,421,802 | | | | | |
| Total Deposits and Investments | \$ 339,471,712 | | | | | |

Debt securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

3. **DEPOSITS AND INVESTMENTS** (continued)

The mutual funds are liquid assets the City holds in addition to cash to ensure adequate cash flow for operating activities.

The City holds \$64,979,782 in the Internal Equity Pool and \$17,967,244 in the Internal Fixed Pool, with the State Board of Investment, an external investment pool, related to the City's Other Postemployment Benefits Trust Fund. The fair value of the investment is the fair value per share of the underlying portfolio. Pursuant to Minnesota Statute § 353.95, the City may only redeem these funds for the use of postemployment benefits. The City invests in this pool due to the increased investment authority, historical rates of return on investments, and the reduction of the postemployment benefit liability recorded in its financial statements.

The City also holds \$20,579,578 in the Internal Equity Pool and \$5,895,198 in the Internal Fixed Pool with the State Board of Investment, an external investment pool, related to the City's Community Investment Trust Fund. The fair value of the investment is the fair value per share of the underlying portfolio. The City invests in this pool, in accordance with Minnesota Statute § 11A.235, due to the increased investment authority and historical rates of return on investments.

4. PROPERTY TAXES

Property tax levies are set by the City Council in December each year and certified to St. Louis County for collection in the following year. In Minnesota, counties act as collection agents for all property taxes. The County spreads all levies over assessable property. Such taxes become a lien on January 1 and are recorded as receivables by the City at that date. Revenues are accrued and recognized in the year collectible, net of delinquencies.

Property taxes may be paid by taxpayers in two equal installments on May 15 and October 15. The County is required to distribute collections to the City three times each year. Taxes which remain unpaid at year-end are delinquent. Collections made by the County through the end of the year and remitted to the City within 45 days after year-end are recognized as revenue and the remainder is deferred. The current year collection rate at December 31, 2022, was 98.7%.

5. RECEIVABLES

Receivables as of December 31, 2022 for the City's governmental and business-type activities are below.

| | | | | | | | | expected to be llected within |
|--------------------------------|------------------|------------|-----------|-------------|----------------|------------|----------|----------------------------------|
| | Gross Receivable | | Allowance | | Net Receivable | | one year | |
| Governmental Activities | | | | | | | | |
| Taxes receivable | \$ | 8,264,582 | \$ | (266,593) | \$ | 7,997,989 | \$ | - |
| Accounts receivable | | 1,353,339 | | (20,497) | | 1,332,842 | | - |
| Assessments receivable | | 1,974,994 | | - | | 1,974,994 | | 1,578,039 |
| Loans receivable | | 15,736,171 | | (758,084) | | 14,978,087 | | 13,538,087 |
| Leases receivable | | 2,054,978 | | - | | 2,054,978 | | 1,646,078 |
| Due from component units | | 114,699 | | - | | 114,699 | | - |
| Due from other governments | | 19,174,436 | | | | 19,174,436 | | - |
| Total Governmental Activities | \$ | 48,673,199 | \$ | (1,045,174) | \$ | 47,628,025 | \$ | 16,762,204 |
| Business-type Activities | | | | | | | | |
| Accounts receivable | \$ | 16,538,725 | \$ | (995,881) | \$ | 15,542,844 | \$ | - |
| Loans receivable | | 1,459,545 | | (16,605) | | 1,442,940 | | 1,136,145 |
| Assessments receivable | | 174,932 | | - | | 174,932 | | 124,416 |
| Leases receivable | | 1,466,471 | | - | | 1,466,471 | | 1,193,046 |
| Due from component units | | 3,592 | | - | | 3,592 | | - |
| Due from other governments | | 2,819,511 | | _ | | 2,819,511 | | - |
| Total Business-type Activities | \$ | 22,462,776 | \$ | (1,012,486) | \$ | 21,450,290 | \$ | 2,453,607 |

6. <u>DEFERRED INFLOWS OF RESOURCES</u>

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. The following schedule shows the detail of deferred inflows of resources at December 31, 2022:

| General | | |
|------------------------------|------|------------|
| Assessments | \$ | 639,874 |
| Grants | | 163,660 |
| Loans | | 1,887,965 |
| Other unavailable revenue | | 43,636 |
| Taxes | | 502,876 |
| Nonmajor | | |
| Assessments | | 1,335,118 |
| Grants | | 11,563,347 |
| Leases | | 2,012,553 |
| Loans | | 14,257,710 |
| Other unavailable revenue | | 28,622 |
| Taxes | | 333,085 |
| Total for Governmental Funds | \$: | 32,768,446 |

7. CAPITAL AND LEASE ASSETS

Capital and lease asset activity for the year ended December 31, 2022, was as follows:

| PRIMARY GOVERNMENT | Beginning | | | Ending |
|---|---------------|---------------|--------------|---------------|
| | Balance* | Increases | Decreases | Balance |
| Governmental activities: | | | | |

| Total depreciation expense - component units | \$21,806,770 |
| | |

8. PURCHASE AND CONSTRUCTION COMMITMENTS

At December 31, 2022, the City had construction commitments of approximately \$10,097,620 for various utility improvements. Funding for these future expenditures or expenses will be available from federal and state grants, municipal state aid construction funds, tax levies, bond proceeds, and special assessments.

At December 31, 2022, the City had purchase commitments represented by open encumbrances. These are included as part of fund balance as follows:

| Amount |
|---------------|
| \$ 1,424,531 |
| 9,676,513 |
| 59,712,327 |
| \$ 70,813,371 |
| |

8. PURCHASE AND CONSTRUCTION COMMITMENTS (continued)

DISASTER DAMAGE REPAIR COMMITMENTS

The City incurred significant damage to its shoreline infrastructure due to three unprecedented storm surges in October 2017, April 2018, and again in October 2018. Since that time, an additional storm damaged Duluth's shoreline in November 2022. The City submitted requests for federal and state aid for repair and mitigation work which is estimated to be \$35 million as of December 31, 2022.

9. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; employee health and dental; and natural disasters.

The Self-Insurance Fund, an internal service fund, was established for the reporting of all risk management except for employee health and dental. All risk, except for building property insurance and small losses by various funds, is assumed. No actuarial process is used to establish an estimate of the present cost of the exposure to future liability, and consequently no actuarially established amount is reserved for property replacement and continuance of operations. Contributions to the property insurance pool are determined by an insurance market cost comparison, and in this sense they reflect actuarial experience of insurance carriers. The City also purchases commercial property insurance to insure for fire and related damage for certain buildings limited to the buildings estimated value. There were no significant reductions in insurance coverage from the previous year. There were no settlements that exceeded insurance coverage for each of the past three years.

The self-insurance for workers' compensation covers up to \$500,000 per single loss occurrence. At that point, the City is covered for losses by the Workers' Compensation Reinsurance Association (WCRA), an organization created by Minnesota statutes in 1979 to implement a mandatory program of reinsurance for workers' compensation liability risks in the State of Minnesota for losses occurring on or after October 1, 1979. The WCRA provides full indemnification for the City for claims arising under Minnesota Statute 176 in excess of the \$500,000 retention limit.

The accrued liability for workers' compensation is estimated by the benefits administrator at the time an injury or illness is reported. Interest cost is not included in the estimate. The estimated liability for general liability matters is accrued if the City determines settlement is probable, based on a case-by-case evaluation. The estimated liability is based on the requirements of Governmental Accounting Standards Board Statement No. 10 which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Claims incurred but not reported have been considered in the sense that management's experience has shown that they do not affect the predictions. An actuary was not used in determining the liabilities, but actuarial guidelines were used. The estimated liability for claims payable at year end is present valued at 5%. In addition, the City Attorney estimated settlements to be \$85,000 for various claims and cases which are considered reasonably possible losses to the City. Considerable prejudgment interest liability is not considered by the City Attorney in making a liability estimate. The amount of these estimated liabilities is not reflected in the financial statements. Changes in the balances of the self-insurance fund's liability during 2021 and 2022 were as follows:

9. RISK MANAGEMENT (continued)

| | | | Claims and | | | | |
|------|-----------|-----------|------------|-------------|-------------|-----------|--|
| | | Liability | Changes in | Less Claims | | Liability | |
| _ | January 1 | | Estimates | Payments | December 31 | | |
| 2021 | \$ | 1,082,775 | 1,211,258 | 806,515 | \$ | 1,487,518 | |
| 2022 | \$ | 1,487,518 | 16,748 | 229,978 | \$ | 1,274,288 | |

The Group Health Fund, an internal service fund, was established for the payment of employee medical and dental claims. The City pays Delta Dental of Minnesota and Medica an administrative fee to process dental, medical, and prescription drug claims, respectively. The City assumes all risk, except that which is covered by a medical stop-loss policy purchased from Medica. The stop-loss policy has an individual limit of \$500,000 and an aggregate limit of 120% of projected claims for the year. Claims, expenditures, and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have occurred but have not been reported. The estimated liability is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the balances of the Group Health Fund's liability during 2021 and 2022 were as follows:

| | | | Claims and | | | | |
|------|-----------|-----------|------------|------------------------|-------------|-----------|--|
| | | Liability | Changes in | Changes in Less Claims | | | |
| | January 1 | | Estimates | Payments | December 31 | | |

^{*}The beginning balance includes a restatement for GASB 87.

10. **LONG-TERM DEBT** (continued)

DEBT REQUIREMENTS AND SOURCES OF REPAYMENTS

Governmental Activities Long-Term Debt

General Obligation Bonds and Certificate Covenants

Deferred tax levies are provided for in the general obligation bond and certificate covenants. Minnesota state laws require these levies to be 5% in excess of bond and certificate principal and interest maturities. They are not repealable in nature and can only be modified as they relate to current levies, and then only upon certification to the County Auditor that funds are available to pay current maturities in whole or in part. Revenues derived from these levies are recorded in the debt service fund for the payment of principal and interest on the general obligation bonds and certificates.

The general obligation tax abatement bonds are payable from tax abatement collections. However, the City is contingently liable for payments of principal and interest.

General obligation annual debt service requirements to maturity follow:

| Year Ending | General Obliga | atior | n Bonds | Ger | neral Obliga | tion | Certificates | | General (Tax Ab | • | • | | | | |

| | | | | | • | | | | |

Special Assessment Bonds

The City has a contingent liability against its full faith and credit on \$185,000 of special assessment bonds. The general credit of the City is obligated only to the extent that collections from special assessments are insufficient to retire outstanding bonds.

10. LONG-TERM DEBT (continued)

Annual debt service requirements to maturity to fund special assessment bonds.

| Year Ending | Special Assessment Bonds | | | | |
|-------------|--------------------------|---------|-----------|---------|--|
| December 31 | lr | nterest | Principal | | |
| 2023 | \$ | 3,700 | \$ | 185,000 | |

Leases

Per GASB Statement No. 87, a lease is defined as a contractual agreement that conveys control of the right to use another entity's nonfinancial asset, for a minimum contractual period of greater than one year, in an exchange or exchange-like transaction. The City, as a lessee, has entered into lease agreements involving land, equipment and facility space. The related obligations are presented in the amounts equal to the present value of lease payments, payable during the remaining lease term. As the lessee, a lease liability and the associated lease asset is recognized on the government-wide Statement of Net Position.

The City recognized zero in variable payments within its lease arrangements as the lessee. Payments that are fixed in substance are included in the measurement of the lease liability presented in the table below. The City did not incur expenses related to its leasing activities related to residual value guarantees, lease termination penalties or losses due to impairment. As a lessee, there are currently no agreements that include sale-leaseback and lease-leaseback transactions.

As of December 31, 2022, the City had minimum principal and interest payment requirements for its leasing activities, with a remaining term more than one year, as follows:

Governmental Activities

| Year Ending | | | |
|--|-----------------|----|-----------|
| December 31 | Interest Prince | | Principal |
| 2023 | \$ 132,525 | \$ | 328,467 |
| 2024 | 122,444 | | 346,467 |
| 2025 | 111,811 | | 365,257 |
| 2026 | 100,605 | | 384,864 |
| 2027 | 88,799 | | 363,684 |
| 2028-2032 | 273,346 | | 1,642,083 |
| 2033-2037 | 120,789 | | 656,148 |

| 2043-2047 | 50,828 | | 52,299 |
| 2048-2052 | 42,498 | | 60,629 |
| 2053-2057 | 32,842 | | 70,285 |
| 2058-2062 | 21,647 | | 81,480 |
| 2063-2067 | 8,669 | | 94,459 |
| Present Value of Minimum Leased Payments | \$ 1,165,237 | \$ | 4,546,968 |

Purchase Agreement

The City has a purchase agreement for 20 motor graders for street maintenance. As of December 31, 2022, there is a remaining term of 27 months. The City makes monthly payments of \$30,478 associated with the purchase agreement.

The payments remaining on this agreement are shown in the table below:

10. LONG-TERM DEBT (continued)

Governmental Activities

| Year Ending | | | | |
|-------------|-----------|---------|--|--|
| December 31 | Principal | | | |
| 2023 | \$ | 365,731 | | |
| 2024 | | 365,731 | | |
| 2025 | | 91,433 | | |
| Total | \$ | 822,895 | | |

Other Debt

Governmental activities compensated absences are liquidated primarily through the General Fund.

Business-type Activities Long-Term Debt

Revenue and General Obligation Bonds

The City has a contingent liability against it's full faith and credit to the extent that income from the Water, Gas, Steam, Sewer, Stormwater, and Parking operations is insufficient to retire their respective general obligation revenue bonds.

General Obligation Public Facilities Authority Notes

The City has pledged it's full faith and credit taxing powers of the City irrevocably for the payment of principal and interest when due on such notes, as well as all net revenues to be derived from time to time from the operation of the municipal sewer or water utilities.

Annual debt service requirements to maturity of the business-type activities follow:

10. LONG-TERM DEBT (continued)

Component Unit Long-Term Debt

Duluth Airport Authority Notes and Loans Payable

The City issued \$3,400,000 General Obligation Airport Improvement Bonds, dated December 18, 2013, on behalf of the Authority. Proceeds of the bonds will be used to provide funding for completion of the parking ramp facilities. The Authority entered into a loan agreement with the City requiring the Authority to make loan payments to the City to fund debt payments on the bonds.

The City issued \$2,855,000 General Obligation Airport Improvement Bonds, dated November 5, 2015, on behalf of the Authority. Proceeds of the bonds will be used to finance hanger improvements. The Authority entered into a loan agreement with the City requiring the Authority to make loan payments to the City to fund debt payments on the bonds.

The City issued \$2,845,000 General Obligation Airport Refunding Bonds, dated November 3, 2021, on behalf of the Authority. Proceeds of the bonds refunded the Series 2012 bonds. The Authority entered into a loan agreement with the City requiring the Authority to make loan payments to the City to fund debt payments on the bonds.

10. LONG-TERM DEBT (continued)

REFUNDING BOND ISSUES

Current Refunding Bonds

A current refunding occurs when the refunded bonds are retired within 90 days after the refunding issue is sold.

Advance Refunding Bonds

When the City issues an advance refunding bond, an escrow account is established from the proceeds. Amounts in the escrow account are invested in special obligations of the United States Treasury or other obligations of the United States or its agencies, which mature in such amounts and at such times to be available to meet the refunded bonds' principal and interest requirements. Actuarial services necessary to ensure the adequacy of the escrow accounts to provide timely payment of the debt service for which the escrow accounts are obligated, have been performed by a certified public accounting firm.

All advance refunded bonds have been paid in full.

Included in the City's bonded debt are the following refunding issues:

| | Issue Date | Issue Amount | Balance |
|--|------------|---------------|---------------|
| Governmental Activities | | | |
| Current Refunding Bonds | | | |
| Street Improvement | 11/05/2015 | \$ 2,630,000 | \$ 185,000 |

11. FUND EQUITY

For governmental funds, fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources. Fund balance classifications as of December 31, 2022 are as follows:

| | General Fund | Local Fiscal Recovery | Community Investment Trust | Other Governmental Funds | Total Fund Balance |
|-----------------------------|--------------|--------------------------|----------------------------------|--------------------------------|-----------------------|
| Fund Balances: | | | | | |
| Spendable: | | | | | |
| Restricted for: | | | | | |
| Forfeitures | \$ 200,387 | \$ - | \$ - | \$ 215,629 | \$ 416,016 |
| Capital Projects | - | - | - | 13,071,930 | 13,071,930 |
| Community Development | - | - | - | 1,187,763 | 1,187,763 |
| Employment | - | - | - | 732,819 | 732,819 |
| Parks and Recreation | - | - | - | 2,553,174 | 2,553,174 |
| Public Access Television | - | - | - | 679,855 | 679,855 |
| Public Safety | - | - | - | 485,354 | 485,354 |
| Public Works | | - | - | 13,476,092 | 13,476,092 |
| Economic Development | - | - | - | 616,607 | 616,607 |
| Library | - | - | - | 790,408 | 790,408 |
| Tourism | - | - | - | 2,714,963 | 2,714,963 |

| Capital Projects | - | - | - | 2,445,932 | 2,445,932 |
| Unassigned | 21,326,916 | (428,422) | | (6,403,703) | 14,494,791 |
| Total Fund Balances | \$28,847,964 | \$ (428,422) | \$26,474,776 | \$61,567,491 | \$ 116,461,809 |

12. INTERFUND ASSETS/LIABILITIES/TRANSFERS

DUE TO/FROM OTHER FUNDS

The outstanding balances between funds results mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. Balances at December 31, 2022 are:

| Due from Fund | Due to Fund | | Amount |
|-----------------------------------|--|----|-----------|
| General Fund | Steam Enterprise | | 36,374 |
| | Nonmajor Governmental Funds | | 384,757 |
| | Nonmajor Enterprise Funds | | 1,346,700 |
| | Internal Service Funds | | 404,260 |
| Local Fiscal Recovery Funds | Water Enterprise | | 2,617,945 |
| Water Enterprise | Internal Service Funds | | 21,218 |
| Gas Enterprise | Internal Service Funds | | 24,785 |
| Sewer Enterprise | Internal Service Funds | | 19,081 |
| Steam Enterprise | Nonmajor Governmental Funds | | 72,960 |
| | Internal Service Funds | | 195 |
| Nonmajor Governmental Funds | General Fund | | 535,010 |
| | Nonmajor Governmental Funds | | 1,486,420 |
| | Nonmajor Enterprise Funds | | 210 |
| | Internal Service Funds | | 28,694 |
| Nonmajor Enterprise Funds | Steam Enterprise | | 3,055 |
| | Internal Service Funds | | 18,152 |
| Internal Service Funds | General Fund | | 2,158 |
| | Nonmajor Governmental Funds | | 2,455 |
| Total | (1,2,3) | \$ | 7,004,429 |

| Total | Governmental Activities - Internal Service Funds | | 516,385 |
| Total | | \$ | 7,004,429 |

12. INTERFUND ASSETS/LIABILITIES/TRANSFERS (continued)

DUE TO/FROM PRIMARY GOVERNMENT/COMPONENT UNITS

Due to/from the primary government and component unit results from the time lag between the date that (1) goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting systems, and (3) payments between the primary government and component units are made; or (4) a budgetary authorized line of credit by the primary government to the component unit; or (5) a budgetary authorized lending agreement by the primary government to the component unit. Balances as shown below are reported on the Government-wide Statement of Net Position. Balances are for December 31, 2022, with the exception of the Spirit Mountain Recreation Authority, whose fiscal year ended April 30, 2022.

| Receivable Entity | Payable Entity | _ | Amount |
|----------------------------------|---|---------|---------------------|
| Primary Government: | Component Unit: | | |
| General Fund | Spirit Mountain Recreation Area Authority | (4) | \$ 100,000 |

INTERFUND LOAN RECEIVABLES/PAYABLES

Interfund loan balances are a result of temporary interfund financing at year-end to cover deficit cash balances within the various funds. Balances on December 31, 2022 are:

| Receivable Fund | Amount | | |
|-----------------------------|--------------|-----------|--|
| General Fund | \$ 6,028,436 | | |
| Payable Fund | | | |
| Nonmajor Governmental Funds | | 3,258,569 | |
| Nonmajor Enterprise Funds | | 2,533,595 | |
| Internal Service Funds | | 236,272 | |
| Total | \$ | 6,028,436 | |

12. INTERFUND ASSETS/LIABILITIES/TRANSFERS (continued)

INTERFUND TRANSFERS

The City reports transfers between many of its funds to move revenues from the fund in which they are collected to the fund required to expend them, including: (1) debt service payments, participation in projects, and reimbursements of expenditures; and (2) payments in lieu of taxes from enterprise funds; or (3) to distribute budgetary authorized revenues to finance programs the government must account for in other funds. Interfund transfers for the year ended December 31, 2022, are as follows:

| Transfer to, reported in fund: | Transfer from, reported in fund: | | Amount |
|--------------------------------|--|----------|------------|
| General Fund | Community Investment Trust | (3) \$ | 527,753 |

13. PENSION PLANS

PLAN DESCRIPTION

All full-time and certain part-time employees of the City are covered by defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Plan (the General Employees Plan), and the Public Employees Police and Fire Plan (the Police and Fire Plan), which are cost-sharing, multiple-employer retirement plans.

These plans are established and administered in accordance with Minnesota Statutes, Chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

The General Employees Plan (accounted for in the General Employees Fund) has multiple benefit structures with members belonging to the Coordinated Plan, the Basic Plan, or the Minneapolis Employees Retirement Fund. Coordinated Plan members are covered by Social Security, and Basic Plan and Minneapolis Employees Retirement Fund members are not. The Basic Plan was closed to new members in 1967. The Minneapolis Employees Retirement Fund was closed to new members during 1978 and merged into the General Employees Plan in 2015. All new members must participate in the Coordinated Plan, for which benefits vest after five years of credited service. No City employees belong to either the Basic Plan or the Minneapolis Employees Retirement Fund.

Police officers, firefighters, and peace officers who qualify for membership by statute are covered by the Police and Fire Plan (accounted for in the Police and Fire Fund). For members first hired after June 30, 2010, but before July 1, 2014, benefits vest on a prorated basis starting with 50% after 5 years and increasing 10% for each year of service until fully vested after 10 years. Benefits for members first hired after June 30, 2014, vest on a prorated basis from 50% after 10 years and increasing 5% for each year of service until fully vested after 20 years.

BENEFITS PROVIDED

PERA provides retirement benefits as well as disability benefits to members and benefits to survivors upon death of eligible members. Benefit provisions are established by state statute and can be modified only by the state legislature. Benefit increases are provided to benefit recipients each January.

General Employees Plan benefit recipients will receive a post-retirement increase equal to 50% of the cost-of-living adjustment announced by the Social Security Administration, with a minimum increase of at least 1.0% and maximum increase of 1.5%. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under the Rule of 90 are exempt from the delay to normal retirement.

Police and Fire Plan benefit recipients will receive a 1.0% post retirement increase. Recipients that have been receiving the annuity or benefit for at least 36 months as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least 25 months but less than 36 months as of the June 30 before the effective date of the increase will receive a reduced prorated increase.

13. PENSION PLANS (continued)

The benefit provisions stated in the following paragraph of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not yet receiving them are bound by the provisions in effect at the time they last terminated their public service.

Benefits are based on a member's highest average salary for any 60 consecutive months of allowable service, age, and years of credit at termination of service. In the General Employees Plan, two methods are used to compute benefits for Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Coordinated Plan member is 1.2% of average salary for each of the first 10 years of service and 1.7% of average salary for each remaining year. Under Method 2, the annuity accrual rate is 1.7% for Coordinated Plan members for each year of service. Only Method 2 is used for members hired after June 30, 1989. For Police and Fire Plan members, the annuity accrual rate is 3.0% of average salary for each year of service.

For General Employees Plan members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90, and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66. For Police and Fire Plan, normal retirement age is 55, and for members who were hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90. Disability benefits are available for vested members and are based on years of service and average high-five salary.

CONTRIBUTIONS

Pension benefits are funded from member and employer contributions and income from the investment of fund assets. Rates for employer and employee contributions are set by Minnesota Statutes, Chapter 353. These statutes are established and amended by the state legislature. Rates did not change from 2021.

In 2022, the City and members were required to contribute the following percentages of annual covered salary:

| | Member | ∟mployer | |
|---|--------------|--------------|---|
| | Required | Required | |
| | Contribution | Contribution | _ |
| General Employees Plan - Coordinated Plan Members | 6.50% | 7.50% | |
| Police and Fire Plan | 11.80% | 17.70% | |

The City's contributions for the year ended December 31, 2022, to the pension plans were:

| General Employees Fund | \$ 2,979,965 |
|------------------------|-----------------|
| Police and Fire Fund | 4.702.484 |

The contributions are equal to the statutorily required contributions as set by state statute.

13. PENSION PLANS (continued)

PENSION COSTS

General Employees Plan

At December 31, 2022, the City reported a liability of \$41,097,051 for its proportionate share of the General Employees Plan's net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2021, through June 30, 2022, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2022, the City's proportion was 0.5189%. It was 0.5203% measured as of June 30, 2021. The City recognized pension expense of \$5,541,261 for its proportionate share of the General Employees Plan's pension expense.

Legislation requires the State of Minnesota to contribute \$16 million to the General Employees Plan annually until September 15, 2031. The City recognized an additional \$180,027 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's pension expense related to the special funding situation.

| City's proportionate share of the net pension liability | \$ 41,097,051 |
|---|------------------|
| State of Minnesota's proportionate share of the net pension liability | |
| associated with the City | 1,204,814 |
| Total | \$ 42,301,865 |

The City reported its proportionate share of the General Employees Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | | Deferred | | Deferred |
|---|----|-------------|----|------------|
| | (| Outflows of | | Inflows of |
| | | Resources | F | Resources |
| Differences between expected and actual economic experience | \$ | 343,273 | \$ | 441,983 |
| Changes in actuarial assumptions | | 9,325,344 | | 175,203 |
| Difference between projected and actual investment earnings | | 742,819 | | - |
| Changes in proportion | | 359,371 | | 752,304 |
| Contributions paid to PERA subsequent to the measurement date | | 1,523,702 | | - |
| Total | \$ | 12,294,509 | \$ | 1,369,490 |
| | | | | |

The \$1,523,702 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2023. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

| | Pension |
|-------------|-------------|
| Year Ended | Expense |
| December 31 | Amount |
| 2023 | 3,606,316 |
| 2024 | 3,417,129 |
| 2025 | (1,338,742) |
| 2026 | 3.716.614 |

13. PENSION PLANS (continued)

Police and Fire Fund

At December 31, 2022, the City reported a liability of \$92,958,986 for its proportionate share of the Police and Fire Plan's net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2021, through June 30, 2022, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2022, the City's proportion was 2.1362%. It was 2.0496% measured as of June 30, 2021. The City recognized pension expense of \$5,793,638 for its proportionate share of the Police and Fire Plan's pension expense.

The State of Minnesota also contributed \$18 million to the Police and Fire Plan in the plan fiscal year ended June 30, 2022. The contribution consisted of \$9 million in direct state aid that meets the definition of a special funding situation and \$9 million in supplemental state aid that does not meet the definition of a special funding situation.

Legislation required the State of Minnesota to pay direct state aid of \$9 million by October 1 of each year until full funding is reached, or July 1, 2048, whichever is earlier. The City recognized an additional \$787,714 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's pension expense related to the special funding situation.

| City's proportionate share of the net pension liability | \$ 92,958,986 |
|---|------------------|
| State of Minnesota's proportionate share of the net pension liability | |
| associated with the City | 4,060,926 |
| Total | \$ 97,019,912 |

Legislation also requires the State of Minnesota to contribute \$9 million to the Police and Fire Plan each year, starting in fiscal year 2014, until the plan is 90% funded, or until the State Patrol Plan is 90% funded, whichever occurs later. The City also recognized \$192,256 as revenue, which results in a reduction of the net pension liability, for its proportionate share of the State of Minnesota's on-behalf contribution to the Police and Fire Plan.

The City reported its proportionate share of the Police and Fire Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred

Deferred

| | Outflows of | Inflows of |
|---|---------------|--------------|
| | Resources | Resources |
| Differences between expected and actual economic experience | \$ 5,629,437 | \$ - |
| Changes in actuarial assumptions | 53,934,707 | 587,155 |
| Difference between projected and actual investment earnings | 2,412,967 | - |
| Changes in proportion | 959,958 | 2,294,491 |
| Contributions paid to PERA subsequent to the measurement date | 2,346,346 | - |
| Total | \$ 65,283,415 | \$ 2,881,646 |

13. PENSION PLANS (continued)

The \$2,346,346 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2023. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

| | Pension |
|-------------|------------|
| Year Ended | Expense |
| December 31 | Amount |
| 2023 | 11,504,234 |
| 2024 | 11,761,094 |
| 2025 | 10,302,635 |
| 2026 | 18,641,667 |
| 2027 | 7.845.793 |

The total pension expense for all plans recognized by the City for the year ended December 31, 2022, was \$11,334,899.

ACTUARIAL ASSUMPTIONS

The total pension liability in the June 30, 2022, actuarial valuation was determined using the individual entryage normal actuarial cost method and the following additional actuarial assumptions:

| | General Employees Fund | Police and Fire Fund | |
|------------------------------|------------------------|----------------------|--|
| Inflation | 2.25% per year | 2.25% per year | |
| Active member payroll growth | 3.00% per year | 3.00% per year | |
| Investment rate of return | 6.50% | 6.50% | |

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors, and disabilitants were based on the Pub-2010 General Employee Mortality table for the General Employees Plan and the Pub-2010 Public Safety Employee Mortality tables for the Police and Fire Plan, with slight adjustments. Cost of living benefit increases for retirees are assumed to be 1.25% for the General Employees Plan per year through December 31, 2054, and 1.5% per year thereafter. For the Police and Fire Plan, cost of living benefit increases for retirees are 1.0% as set by state statute.

Actuarial assumptions used in the June 30, 2022 valuation were based on the results of actuarial experience studies. The experience study for the General Employees Plan was dated June 27, 2019. The experience study for the Police and Fire Plan was dated July 14, 2020. For both plans a review of inflation and investment assumptions dated July 12, 2022 was utilized.

The long-term expected rate of return on pension plan investments is 6.5%. The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

13. PENSION PLANS (continued)

| | | Long-Term Expected Real |
|------------------------|-------------------|-------------------------|
| Asset Class | Target Allocation | Rate of Return |
| Domestic equities | 33.50% | 5.10% |
| International equities | 16.50% | 5.30% |
| Fixed income | 25.00% | 0.75% |
| Private markets | 25.00% | 5.90% |

DISCOUNT RATE

The discount rate used to measure the total pension liability was 6.5% for the General Employees Plan in 2022, which remained consistent with 2021. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, the fiduciary net position of the General Employees Plan was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

In the Police and Fire Plan, the fiduciary net position was projected to be available to make all projected future benefit payments of current plan members through June 30, 2060. Beginning in fiscal year ended June 30, 2061, projected benefit payments exceed the funds' projected fiduciary net position. Benefit payments projected after were discounted at the municipal bond rate of 3.69%, based on the weekly rate closest to but not later than the measurement date of the Fidelity "20-Year Municipal GO AA Index". An equivalent single discount rate of 5.4% for the Police and Fire Plan was determined that produced approximately the same present value of projected benefits when applied to all years of projected benefits as the present value of projected benefits using 6.5% applied to all years of projected benefits to the point of asset depletion and 3.69% thereafter.

CHANGES IN ACTUARIAL ASSUMPTIONS

The following changes in actuarial assumptions occurred in 2022:

General Employees Plan

• The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.

Police and Fire Plan

- The single discount rate changed from 6.50 percent to 5.40 percent.
- The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.

PENSION LIABILITY SENSITIVITY

The following presents the City's proportionate share of the net pension liability calculated using the discount rate previously disclosed, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

13. PENSION PLANS (continued)

| | The City's Proportionate Sensitivity Share of the | | | |
|---------------|---|---------------|--------------|----------------|
| | General Employees Plan Police and Fire Plan | | nd Fire Plan | |
| | Discount | Net Pension | Discount | Net Pension |
| | Rate | Liability | Rate | Liability |
| 1.0% Decrease | 5.5% | \$ 64,914,945 | 4.4% | \$ 140,681,502 |
| Current | 6.5% | 41,097,051 | 5.4% | 92,958,986 |
| 1.0% Increase | 7.5% | 21,562,703 | 6.4% | 54,378,189 |

PENSION PLAN FIDUCIARY NET POSITION

Detailed information about the pension plan's fiduciary net position is available in a separately issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the internet at www.mnpera.org.

DEFINED CONTRIBUTION PLAN

Certain elected officials of the City are covered by the Public Employees Defined Contribution Plan, a multipleemployer deferred compensation plan administered by PERA. The plan is established and administered in accordance with Minnesota Statutes, Chapter 353D, which may be amended by the state legislature. The plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code, and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. For those qualified personnel who elect to participate, Minnesota Statutes, § 353D.03 specifies plan provisions, including the employee and employer contribution rates. An eligible elected official who decides to participate contributes 5.0% of salary, which is matched by the employer. Employee and employer contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives 2.0% of employer contributions and 0.25% of the assets in each member account annually.

Total contributions by dollar amount and percentage of covered payroll made by the City during the year ended December 31, 2022, were:

| | ⊨m | пріоуее | mpioyer |
|-------------------------------|----|---------|-------------|
| Contribution amount | \$ | 4,875 | \$ 4,875 |
| Percentage of covered payroll | | 5.0% | 5.0% |

COMPONENT UNITS' PENSION INFORMATION

Qualified employees of the Duluth Entertainment and Convention Center Authority, Duluth Airport Authority, and Spirit Mountain Recreation Area Authority belong to PERA. Contributions were made by the above component units to PERA's Coordinated and Basic Plans in amounts required by state statutes. Detailed information concerning each component unit's pension plan is presented in its publicly available 2022 annual report.

The Duluth Economic Development Authority has no employees. Information on the Duluth Transit Authority's pension is presented in its publicly available 2022 annual report.

14. OTHER POSTEMPLOYMENT BENEFITS

PLAN DESCRIPTION

The City provides postemployment health insurance and life insurance benefits for certain eligible retired employees and their spouses under a single-employer defined benefit plan. Eligible employees are employees with a hire date prior to January 1, 2007. Employees must retire on or after January 1, 1983, and be eligible for retirement or disability benefits from the Public Employees Retirement Association. The extent of the benefit provided depends on the union contract and the date of hire. Effective January 1, 2010, retirees are provided the same benefits as are provided to active employees. Since the premium is a blended rate determined on the entire active and retiree population, the retirees are receiving an implicit rate subsidy.

The health benefits are provided through the City's Joint Powers Enterprise Trust. The life insurance benefits are paid directly by the fund from which the employee retires, and recorded as a deduction in the Statement of Fiduciary Net Position for the Other Postemployment Benefits Trust Fund, under GASB 74. A separate report is not issued for the plan. The authority to provide these benefits is established in Minnesota Statute § 471.617.

As of December 31, 2022, there were 1,054 retirees receiving health benefits from the City's health plan and 895 active employees covered under the plan.

FUNDING POLICY

The City has historically funded these liabilities on a pay-as-you go basis. Union contracts govern the premiums contributed by the City and the retirees. For eligible retirees, the City pays a portion of the premium ranging from 25%-100% depending on the years of service. Retirees pay the remaining portion of the premium. Premiums are paid to the Joint Powers Enterprise Trust which accounts for the activity of the plan. Premiums are intended to cover the cost of providing benefits to retirees on a pay-as-you go basis. For the year ended December 31, 2022, the City contributed \$9,829,738 and retirees contributed \$221,315.

In July 2007, the City established an Other Postemployment Benefits (OPEB) irrevocable trust and began prefunding a portion of the OPEB liability. Contributions of \$2,415,205 were made to the irrevocable trust in 2022.

INVESTMENTS

Investment policy – The City's OPEB irrevocable trust fund is managed by the City of Duluth. All OPEB funds are invested with the Minnesota State Board of Investment (SBI). It is the policy of the City to pursue an investment strategy that reduces risk through the diversification of the portfolio. The City's target asset allocation as of December 31, 2022 is:

| Asset Class | Target Allocation |
|-----------------------------------|-------------------|
| MN SBI Non-Retirement Bond Fund | 30% |
| MN SBI Non-Retirement Equity Fund | 70% |
| Total | 100% |

Rate of return – For the year ended December 31, 2022, the annual money-weighed return on investments, net of investment expense, was (17.30)%. The money-weighed return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

14. OTHER POSTEMPLOYMENT BENEFITS (continued)

NET OPEB LIABILITY OF THE CITY

The components of the net OPEB liability of the City at December 31, 2022, were as follows:

| Total OPEB liability | \$ 151,294,204 |
|--|-------------------|
| Plan fiduciary net position | (84,359,568) |
| City's net OPEB liability | \$ 66,934,636 |
| Plan fiduciary net position as a percentage of the total | |
| OPEB liability | 55.76% |

The City has allocated the net OPEB liability between its governmental and business-type activities. The government activities report a net OPEB liability of \$76,335,901 and the business-type activities report a prepaid asset of \$9,401,265.

CHANGES IN THE NET OPEB LIABILITY

| Increase (Decrease) | | | |
|---------------------|---|---|--|
| Total OPEB | Net OPEB | | |
| Liability (a) | Net Position (b) | Liability (a-b) | |
| \$ 149,476,336 | \$ 99,913,230 | \$ 49,563,106 | |
| | | | |

| 2,087,148 | - | 2,087,148 | |
| - | (22,837,472) | 22,837,472 | |
| - | - 5,704,917 (5,704,9 | | |
| (11,323,522) | (11,323,522) | - | |
| | (6,574) | 6,574 | |
| 1,817,868 | (15,553,662) | 17,371,530 | |
| | | | |
| \$ 151,294,204 | \$ 84,359,568 | \$ 66,934,636 | |
| | Total OPEB Liability (a) \$ 149,476,336 1,971,187 8,263,004 - 820,051 2,087,148 - (11,323,522) | Total OPEB Liability (a) Net Position (b) \$ 149,476,336 \$ 99,913,230 1,971,187 - 9,913,230 1,971,187 - 12,908,989 820,051 - 12,908,989 820,051 - (22,837,472) - 5,704,917 (11,323,522) - (6,574) 1,817,868 (15,553,662) | |

ACTUARIAL METHODS AND ASSUMPTIONS

The expected long-term rate projections of benefits for financial reporting purposes are based on the substantive plan (as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effect of short-term volatility in actuarial accrued liabilities and the actuarial value of the assets, consistent with the long-term perspective of the calculations.

In the January 1, 2021, actuarial valuation, the individual entry age normal as a level percentage of payroll actuarial cost method was used. Fair value was the method used to determine the actuarial value of plan assets. The actuarial assumptions included a 5.70% investment rate of return which is based on the expected long-term investment returns on plan assets. The price inflation rate was 2.20%. The salary increases rate is based on the 3.50% salary scale. The annual healthcare cost trend rate is 8.00% initially, reduced incrementally to an ultimate rate of 5.00% after eight years.

14. OTHER POSTEMPLOYMENT BENEFITS (continued)

Mortality rates were based on the Pub-2010 Headcount-weighted Mortality. The mortality assumptions include a margin for future mortality improvements using Scale MP-2021 projected fully-generationally from the central year of data, 2010.

Asset allocations fluctuate due to market performance, however, the targeted OPEB asset allocation is as described below. The City's objective in selecting the expected long-term rate of return on assets is to estimate the single rate of return that reflects the historical returns, future expectations for each asset class, and the asset mix of the plan assets. The estimates of arithmetic real rates of return of each major asset class included in the target asset allocation are:

| | Long-Term |
|---------------------------------|----------------|
| | Expected Real |
| Asset Classes | Rate of Return |
| Domestic Fixed Income | 0.80% |
| Domestic Equity | 4.70% |
| Expected Real Rate of Return | 3.50% |
| Inflation Rate | 2.20% |
| Total Investment Rate of Return | 5.70% |

The discount rate is the single rate that reflects (1) the long-term expected rate of return on OPEB plan investments that are expected to be used to finance the payment of benefits, to the extent that the OPEB plan's fiduciary net position is projected to be sufficient to make projected benefit payments and OPEB plan assets are expected to be invested using a strategy to achieve that return, and (2) a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another scale), to the extent that the conditions for use of the long-term expected rate of return are not met.

For purposes of calculating the discount rate, it is assumed that all future Employer contributions will be equal to the projected net retiree benefit payments, consistent with the Employer's substantive historical 'pay-as-you-go' funding policy.

| Single Equivalent Interest Rate (SEIR) | |
|--|-------|
| Long-Term Expected Rate of Return | 5.70% |
| S&P Municipal Bond 20-Year High-Grade Rate Index | 4.31% |
| Administrative Expenses Paid from the Trust | 0.01% |
| Fiscal Year in which Fiduciary Net Position is Projected | N/A |
| Single Equivalent Interest Rate | 5.70% |

Sensitivity of the net OPEB liability to changes in the discount rate. The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

| | 1% Decrease | Discount Rate | 1% increase |
|----------------------------|---------------|---------------|---------------|
| | (4.7%) | (5.7%) | (6.7%) |
| Net OPEB liability (asset) | \$ 84,000,257 | \$ 66,934,636 | \$ 55,678,941 |

Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates. The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

14. OTHER POSTEMPLOYMENT BENEFITS (continued)

| | Healthcare | | | |
|----------------------------|----------------|----------------|----------------|--|
| | Cost Trend | | | |
| | 1% Decrease | Rate | 1% Increase | |
| | (7.0% decrease | (8.0% decrease | (9.0% decrease | |
| | to 4.0%) | to 5.0%) | to 6.0%) | |
| Net OPEB liability (asset) | \$ 52,902,267 | \$ 66,934,636 | \$ 87,292,424 | |

OPEB EXPENSE AND DEFERRED OUTFLOWS AND DEFERRED INFLOWS OF RESOURCES RELATED TO OPEB

For the year ended December 31, 2022, the City recognized OPEB expenses of \$13,611,271. At December 31, 2022, the City reported deferred outflows and inflows of resources related to OPEB from the following sources:

| Deferred | Deferred |
|--------------|--|
| Outflows of | Inflows of |
| Resources | Resources |
| \$ 5,497,157 | \$ - |
| - | 5,507,542 |
| 3,107,538 | |
| \$ 8,604,695 | \$ 5,507,542 |
| | Outflows of Resources \$ 5,497,157 - 3,107,538 |

Amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| | Year Ended | OPEB Expense | | |
|---|-------------|----------------|--|--|
| _ | December 31 | Amount | | |
| | 2023 | \$ (4,008,083) | | |
| | 2024 | 113,982 | | |
| | 2025 | 2,095,007 | | |
| | 2026 | 4,896,247 | | |

TRUST FUND

The City has established an OPEB irrevocable trust to prefund a portion of the OPEB liability.

The financial statements are prepared using accrual basis accounting. Contributions to the plan are recognized when due and the City has made a formal commitment to provide the contributions. The fair value of investments are determined by the Minnesota State Board of Investment.

DEFINED CONTRIBUTION OPEB PLAN

In accordance with union bargaining agreements and effective January 1, 2008, the City provided a defined contribution postemployment benefit in the form of a minimum 1.00% contribution of each full-time, permanent, active employee's salary into a postemployment health care savings account known as the Minnesota Health Care Savings Plan administered by the Minnesota State Retirement System. An additional lump sum deposit of up to \$12,000 per employee will be made depending on the union contract and the date of hire.

For the year ended December 31, 2022, the City recognized OPEB expenses of \$481,000.

15. SEGMENT INFORMATION

The City has issued revenue bonds for each of the following nonmajor enterprise funds: Parking, which accounts for the municipal parking ramps, lots, and meters; and Stormwater, which operates the stormwater sewer collection system. Summary financial information for each of these funds for fiscal year ended December 31, 2022, is presented below:

16. SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

LAKE SUPERIOR CENTER

The City and Duluth Economic Development Authority (DEDA) entered into agreements with the Lake Superior Center Authority (LSCA) to provide a portion of the funding for the design and construction of the Great Lakes Aquarium at the Lake Superior Center Project. The funding provided by the City and DEDA includes grants and loans which were financed internally and by the issuance of debt to be repaid from tourism taxes. LSCA is a public corporation created by the Minnesota Legislature. The project was financed by State, City, DEDA, and private contributions. The project is owned by LSCA and is operated by Lake Superior Center Inc., a private nonprofit corporation. The Great Lakes Aquarium opened July 29, 2000.

In order to obtain State funding, the City guaranteed that any operating deficits will be funded from non-state sources, and DEDA guaranteed that it would provide sufficient funds necessary to complete construction of the project. In 2004, the City approved the creation of a revolving \$250,000 cash management fund. Amounts drawn from the fund are to be repaid annually by October 1st.

TAX INCREMENT DISTRICTS

Tax increment districts are subject to review by the Minnesota Office of the State Auditor. Unallowable use of tax increments could result in a liability of the City. Management is not aware of any instances of noncompliance with tax increment regulations which would have a material effect on the financial statements.

FEDERALLY ASSISTED PROGRAMS - COMPLIANCE AUDITS

The City has received significant financial assistance from numerous federal governmental agencies in the form of grants and entitlements. The disbursement of funds received generally require compliance with terms and conditions specified in the grant agreements and are subject to audit by grantor agencies. Any disallowed claims resulting from such audits could become a liability of the City. However, in the opinion of management, liabilities resulting from disallowed claims, if any, will not have a material effect on the City's financial position at December 31, 2022.

16. SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES (continued)

RELATED ORGANIZATION

The Duluth Housing and Redevelopment Authority is a legally separate organization from the City with its own rights and powers. Although the Mayor of the City appoints all Authority Board members, there is no financial accountability necessary for including this organization as a component unit of the City.

Related party transactions are limited to payments by the City on various contracts for services entered into with the Authority. The City made payments on various contracts totaling \$4,265,458 to the Duluth Housing and Redevelopment Authority in 2022.

MINNEAPOLIS-DULUTH/SUPERIOR PASSENGER RAIL ALLIANCE

The City, along with several other governmental entities, formed the Minneapolis-Duluth/Superior Passenger Rail Alliance on February 1, 2008, under a Joint Powers Agreement in accordance with Minnesota Statues § 471.59, 398A.04, and 398A.06. Its purpose is to collaboratively discuss, study, plan for, promote, and facilitate the development of intercity passenger rail transportation between the Twin Cities Metropolitan and Twin Ports areas. The passenger rail line has been given the title of the Northern Lights Express (NLX). The Alliance is governed by a nine-member Board composed of one elected official selected by each party represented in the Alliance, as well as an additional member from the Mille Lacs Band of Ojibwe. Each party contributes funds consistent with the annual budget and cost sharing formula. The Board is organized with a chair and a vice chair elected each year. The St. Louis and Lake County Regional Railroad Authority serves as the fiscal agent.

A summary of the financial information of the Minneapolis-Duluth/Superior Passenger Rail Alliance for the Government-wide financial statements for December 31, 2021 (the most recent available) was:

| Total Assets | \$ 56,498 |
|------------------------|---------------|
| Total Liabilities | 11,789 |
| Total Net Position | 44,709 |
| Total Revenues | 95,450 |
| Total Expenditures | 97,076 |
| Change in Net Position | \$ (1,626) |

Separate financial information can be obtained from the St. Louis and Lake County Regional Railroad Authority.

TAX INCREMENT ASSISTANCE

The Duluth Economic Development Authority is committed to provide tax increment assistance pursuant to development agreements for housing projects. The assistance is provided in the form of an annual tax rebate to developers. The annual tax rebate is contingent upon payment of annual property taxes by the developer. The assistance for each project is limited in amount based on both the scope of the project and the life of the tax increment district. The tax increment assistance does not result in debt proceeds and does not meet the definition of debt. A summary of the maximum tax increment assistance to be provided as of December 31, 2022, follows:

16. <u>SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES</u> (continued)

CONDUIT DEBT OBLIGATIONS

The City and the Duluth Economic Development Authority (DEDA) have issued Industrial Revenue Bonds to provide financial assistance to private sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed through a series of loan agreements and are payable solely from the revenues of the entities. Neither the City, DEDA, nor the State are obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. Bonds issued and outstanding as of December 31, 2022, are as follows:

| Entity | Series | Issued | Principal |
|---|--------|---------------|---------------|
| Benedictine Health Center | 2021A | \$ 73,405,000 | \$ 70,925,000 |
| Benedictine Health Center | 2021B | \$ 19,300,000 | \$ 18,280,626 |

| St. Luke's Hospital | 2022B | \$ 76.110.000 | \$ 76.110.000 |

17. TAX ABATEMENT

The City has entered into a property tax agreement with a real estate developer for constructing residential rental units, pursuant to Minnesota Statutes § 469.1812 through 469.1815, which allows local governments to grant property tax abatements not to exceed the larger of 10% of net tax capacity or \$200,000. The tax abatement is effective for taxes payable in 2018 and continues for fifteen years. The City's abatement will not exceed \$18,358 per year and a total aggregate amount of \$250,000.

The City has entered into a property tax agreement with a real estate developer for constructing residential rental units, pursuant to Minnesota Statutes § 469.1812 through 469.1815, which allows local governments to grant property tax abatements not to exceed the larger of 10% of net tax capacity or \$200,000. The tax abatement is effective for taxes payable in 2019 and continues for twenty years. The City's abatement will not exceed a total aggregate amount of \$278,000.

The City has entered into a property tax agreement with a real estate developer for constructing residential rental units, pursuant to Minnesota Statutes § 469.1812 through 469.1815, which allows local governments to grant property tax abatements not to exceed the larger of 10% of net tax capacity or \$200,000. The tax abatement is effective for taxes payable in 2021 and continues for fifteen years. The City's abatement will not exceed a total aggregate amount of \$400,000.

The City has entered into a property tax agreement with a real estate developer for constructing residential rental units, pursuant to Minnesota Statutes § 469.1812 through 469.1815, which allows local governments to grant property tax abatements not to exceed the larger of 10% of net tax capacity or \$200,000. The tax abatement is effective for taxes payable in 2021 and continues for twenty years. The City's abatement will not exceed a total aggregate amount of \$400,000.

The City has entered into a property tax agreement with a real estate developer for constructing senior care units, pursuant to Minnesota Statutes § 469.1812 through 469.1815, which allows local governments to grant property tax abatements not to exceed the larger of 10% of net tax capacity or \$200,000. The tax abatement is effective for taxes payable in 2021 and continues for ten years. The City's abatement will not exceed a total aggregate amount of \$125,000.

The City has entered into a property tax agreement with a corporation related to the construction of a retail development, pursuant to Minnesota Statutes § 469.1812 through 469.1815, which allows local governments to grant property tax abatements not to exceed the larger of 10% of net tax capacity or \$200,000. The tax abatement is effective for taxes payable in 2021 and continues for twenty years. The City's abatement will not exceed a total aggregate amount of \$1,350,000.

The City has entered into a property tax agreement with a corporation related to an industrial development, pursuant to Minnesota Statutes § 469.1812 through 469.1815, which allows local governments to grant property tax abatements not to exceed the larger of 10% of net tax capacity or \$200,000. The tax abatement is effective for taxes payable in 2023 and continues for ten years. The City's abatement will not exceed a total aggregate amount of \$600,000.

18. SPECIAL ITEM

The Duluth Economic Development Authority (DEDA) sold an aircraft maintenance facility to a local aircraft manufacturer in September of 2022. This sale resulted in a book loss on disposal of \$5,245,583.

Required Supplementary Information

This schedule is intended to show information for ten years. Additional years will be displayed as they become available. The City's year-end is December 31.

The notes to the required supplementary information are an integral part of this schedule.

OTHER POSTEMPLOYMENT BENEFITS FUNDED STATUS

See Note 14 in the notes to the financial statements for additional information regarding the City's other postemployment benefits.

EMPLOYER CONTRIBUTIONS TO OTHER POSTEMPLOYMENT BENEFITS

In 2007, the City established an irrevocable trust, pursuant to Minnesota Statute § 471.6175 to prefund a portion of the liability of the plan. These funds are reported in the Other Postemployment Benefits Trust Fund and are included in the actuarial valuation.

The following changes were reflected in the valuation performed on behalf of the OPEB Trust Fund as of January 1, 2021:

- The initial healthcare cost trend rate was changed from 9.00% to 8.00%.
- The mortality rate basis was changed from RPH-2014 to Pub-2010 and the projection scale was changed from MP-2018 to MP-2021.

DEFINED BENEFIT PENSION PLANS - CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS

The following changes were reflected in the valuation performed on behalf of the Public Employees Retirement Association for the fiscal year June 30:

General Employees Fund

2022

• The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.

2021

- The investment return and single discount rates were changed from 7.50% to 6.50%.
- The mortality improvement scale was changed from Scale MP-2019 to Scale MP 2020.

2020

- The price inflation assumption was decreased from 2.50% to 2.25%.
- The payroll growth assumption was decreased from 3.25% to 3.00%.
- Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25% less than previous rates.
- Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements.

General Employees Fund (continued)

- Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates
 are based on service and are generally lower than the previous rates for years two to five and slightly higher thereafter.
- Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Employee Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 Disabled Annuitant Mortality table to the Pub-2010 General/Teacher Disabled Retiree Mortality table, with adjustments.
- The mortality improvement scale was changed from Scale MP-2018 to Scale MP- 2019.
- The assumed spouse age difference was changed from two years older for females to one year older.
- The assumed number of married male new retirees electing the 100% Joint and Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint and Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.
- Augmentation for current privatized members was reduced to 2.00% for the period July 1, 2020 through December 31, 2023 and 0.00% thereafter. Augmentation was eliminated for privatizations occurring after June 30, 2020.

2019

• The mortality projection scale was changed from MP-2017 to MP-2018.

2018

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase rate was changed from 1.0% per year through 2044 and 2.5% per year thereafter, to 1.25% per year.
- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.
- Interest credited on member contributions decreased from 4.0% to 3.0%, beginning July 1, 2018.
- Deferred augmentation was changed to 0.0%, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- · Contribution stabilizer provisions were repealed.
- Postretirement benefit increases were changed from 1.0% per year with a provision to increase to 2.50% upon attainment of 90.0% funding ratio to 50.0% of the Social Security Cost of Living Adjustment, not less than 1.0% and not more than 1.50%, beginning January 1, 2019.
- For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to Rule of 90 retirees, disability benefit recipients, or survivors.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

2017

- The Combined Service Annuity (CSA) loads were changed from 0.8% for active members and 60% for vested and non-vested deferred members. The revised CSA loads are now 0.0% for active member liability, 15% for vested deferred member liability, and 3.0% for non-vested deferred member liability.
- The assumed postretirement benefit increase rate was changed from 1.0% per year for all years to 1.0% per year through 2044 and 2.5% per year thereafter.

General Employees Fund (continued)

- The State's contribution for the Minneapolis Employees Retirement Fund equals \$16 million in 2017 and 2018, and \$6 million thereafter.
- The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from \$21 million to \$31 million in calendar years 2019 to 2031. The state's contribution changed from \$16 million to \$6 million in calendar years 2019 to 2031.

2016

- The assumed postretirement benefit increase rate was changed from 1.0% per year through 2035 and 2.5% per year thereafter, to 1.0% for all future years.
- The assumed investment rate was changed from 7.9% to 7.5%. The single discount rate was also changed from 7.9% to 7.5%.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed payroll growth and inflation were decreased by 0.25%. Payroll growth was reduced from 3.5% to 3.25%. Inflation was reduced from 2.75% to 2.5%.

Police and Fire Plan

2022

- The single discount rate changed from 6.50 percent to 5.40 percent.
- The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.

2021

- The investment return and single discount rates were changed from 7.50% to 6.50%.
- The inflation assumption was changed from 2.50% to 2.25%.
- The payroll growth assumption was changed from 3.25% to 3.00%.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 Public Safety Mortality table. The mortality improvement scale was changed from Scale MP-2019 to Scale MN-2020.
- The base mortality table for disabled annuitants was changed from the RP-2014 Healthy Annuitant Mortality table (with future mortality improvement according to Scale MP-2019) to the Pub-2010 Public Safety Disabled Annuitant Mortality table (with future mortality improvement according to Scale MP-2020).
- Assumed rates of salary increase were modified as recommended in the July 14, 2020, experience study. The overall impact is a decrease in gross salary increase rates.
- Assumed rates of retirement were changed as recommended in the July 14, 2020, experience study. The changes result in slightly more unreduced retirements and fewer assumed early retirements.
- Assumed rates of withdrawal were changed from select and ultimate rates to service-based rates. The changes result in more assumed terminations.
- Assumed rates of disability were increased for ages 25-44 and decreased for ages over 49. Overall, proposed rates result in more projected disabilities.
- Assumed percent married for active female members was changed from 60% to 70%. Minor changes to form of payment assumptions were applied.

2020

• The mortality projection scale was changed from MP-2018 to MP-2019.

Police and Fire Plan (continued)

2019

• The mortality projection scale was changed from MP-2017 to MP-2018.

2018

- The mortality projection scale was changed from MP-2016 to MP-2017.
- Postretirement benefit increases changed to 1.0% for all years, with no trigger.
- An end date of July 1, 2048 was added to the existing \$9.0 million state contribution.
- New annual state aid will equal \$4.5 million in fiscal years 2019 and 2020, and \$9.0 million thereafter until the plan reaches 100% funding, or July 1, 2048, if earlier.
- Member contributions were changed from 10.8% to 11.3% of pay, effective January 1, 2019 and 11.8% of pay, effective January 1, 2020.
- Employer contributions were changed from 16.2% to 16.95% of pay, effective January 1, 2019 and 17.7% of pay, effective January 1, 2020.
- Interest credited on member contributions decreased from 4.0% to 3.0%, beginning July 1, 2018.
- Deferred augmentation was changed to 0.0%, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- · Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

2017

- The assumed salary increases were changed as recommended in the June 30, 2016, experience study. The net effect is proposed rates that average 0.34% lower than the previous rates.
- The assumed rates of retirement were changed, resulting in fewer retirements.
- The CSA load was 30% for vested and non-vested, deferred members. The CSA has been changed to 33% for vested members and 2.0% for non-vested members.
- The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality table assumed for healthy retirees.
- The assumed termination rates were decreased to 3.0% for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall.
- The assumed percentage of married female members was decreased from 65% to 60%.
- The assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females.
- The assumed percentage of female members electing joint and survivor annuities was increased.
- The assumed postretirement benefit increase rate was changed from 1.0% for all years to 1.0% per year through 2064 and 2.5% thereafter.
- The single discount rate was changed from 5.6% per annum to 7.5% per annum.

<u>2016</u>

- The assumed postretirement benefit increase rate was changed from 1.0% per year through 2037 and 2.50% per year thereafter to 1.0% per year for all future years.
- The assumed investment return was changed from 7.9% to 7.5%.
- The single discount rate changed from 7.9% to 5.6%.
- The assumed future salary increases, payroll growth, and inflation were decreased by 0.25% to 3.25% for payroll growth and 2.5% for inflation.

Combining and Individual Fund Statements and Schedules

Governmental Funds

CITY OF DULUTH, MINNESOTA NONMAJOR GOVERNMENTAL FUNDS DECEMBER 31, 2022

SPECIAL REVENUE FUNDS

Special Revenue Funds account for the specific financial resources (other than special assessments, expendable trusts, or other major capital projects) that are restricted to expenditures for specified purposes.

Lake Superior Zoo – to account for revenues earned from the operations of the Lake Superior Zoo which are to be used to offset operating costs incurred by the Arrowhead Zoological Society in managing Zoo operations.

Parks – to account for a tax levy dedicated for parks and recreation facilities, recreation activities, and implementation of the Duluth parks and recreation master plan.

Special Projects – to account for monies received as fees, donations, or grants, which are to be expended for a specific purpose or project.

Opioid Remediation – to account for funds received from national opioid settlements dedicated to addressing the opioid epidemic.

Police Grant Programs – to account for grant monies received from the U.S. Department of Justice and Minnesota Department of Public Safety for various police programs.

Disaster Recovery – to account for grant and aid monies associated with federal and state declared disasters.

Recovery Loan Program – to account for grant monies received from the Minnesota Department of Employment and Economic Development for the establishment of an economic development loan program.

Bayfront Festival Park – to account for fees earned from the operations of the Festival Park, which are to be used for capital maintenance and improvements to the Park.

Library Special Accounts – to account for all special gifts, donations, and trusts designated for the purchase of books, equipment, or projects for the library.

Economic Development – to account for various grants and loans to be used for the development and revitalization of the City's economy.

Energy Management – to account for excess home energy funds, utility rebates, grants, and a portion of energy savings used for managing energy in city facilities and the Cities for Climate Protection Program.

Tourism Tax – to account for the collection of food and beverage and hotel-motel excise taxes, and disbursement of funds for tourism-related activities as dictated by state statutes and City ordinances.

Public Facility and Program – to account for the collection, administration, and disbursement of 5% of the net profits derived from lawful gambling, with such funds to be administered by a Lawful Gambling Commission.

Home Investment Partnerships Program – to account for grant monies received from the U.S. Department of Housing and Urban Development for the furtherance of a single-family housing rehabilitation program and various other housing-related projects.

Community Development – to account for grant monies and Section 108 loan funds received from the U.S. Department of Housing and Urban Development. These monies are to be expended on projects considered necessary for the renewal and revitalization of the City.

SPECIAL REVENUE FUNDS (continued)

Housing Trust Fund – to account for monies dedicated to assisting with gaps in the housing financing market with the goal of increasing housing stock, removing blight, and increasing affordable housing.

Workforce Development – to account for monies received through the Minnesota Department of Employment and Economic Development and St. Louis County to provide job training and employment opportunities for economically disadvantaged, unemployed and underemployed persons.

Senior Employment – to account for monies received from the Minnesota Department of Employment and Economic Development and the National Council of Senior Citizens under Title V of the Older Americans Act to provide useful part-time employment for low-income elderly and to improve community services.

Street System Maintenance Utility – to account for monies received for street system maintenance utility fees from residential, commercial, and industrial properties, used to fund existing street improvement debt, enhanced maintenance, and street reconstruction.

Street Improvement Sales Tax – additional half percent general sales tax dedicated to street improvement.

Street Lighting – to account for the operation, maintenance and improvement of the City's street lighting and traffic signal systems.

Public Arts – to account for the proceeds of various fund-raising activities sponsored by the Duluth Public Arts Commission, to be used for art in public places and art projects.

DEBT SERVICE FUNDS

Debt Service Funds account for the accumulation of resources for, and the payment of, long-term principal, interest and related costs.

DECC Revenue – to account for food and beverage tax revenues and DECC pledged revenues dedicated towards repayment of bonds issued to finance the expansion of the DECC.

General Obligation – to account for accumulation of resources for, and payment of, general obligation bonds, notes and certificates.

Special Assessment Debt Service – to account for the resources accumulated and payments made for the principal and interest on long-term special assessment debt.

Street Improvement Debt Service – to account for accumulation of resources for, and the payment of, general obligation bonds issued for financing the City's Street Improvement Program.

Tax Increment – to account for the collection and distribution of tax increment proceeds associated with City Tax Increment Financing (TIF) districts.

CAPITAL PROJECTS FUNDS

Capital Projects Funds account for financial resources to be used for the acquisition, construction or improvement of capital facilities other than those financed by enterprise funds.

CITY OF DULUTH, MINNESOTA NONMAJOR GOVERNMENTAL FUNDS DECEMBER 31, 2022

CAPITAL PROJECTS FUNDS (continued)

Capital Equipment – to account for bond proceeds and other revenues used for purchase of equipment.

Permanent Improvement – to account for capital improvements financed by sources other than assessments.

Street Improvement Program – to account for improvements to be made as part of the City's Street Improvement Program.

Capital Improvement – to account for capital improvements that are financed by issuance of debt.

Tourism and Recreational Projects – Capital project fund established to account for bond proceeds for tourism and recreational projects along the St. Louis River Corridor.

Regional Exchange District – to account for funds awarded by the State of Minnesota for public improvements in the City's medical district.

Proprietary Funds

CITY OF DULUTH, MINNESOTA NONMAJOR PROPRIETARY FUNDS DECEMBER 31, 2022

ENTERPRISE FUNDS

Enterprise funds account for operations that are financed and managed in a manner similar to private business enterprises— where the intent of the governing body is that the costs (including depreciation expense) of providing goods or services to the general public on a continuing basis be financed or recovered through user charges.

Broadband Fiber – to account for the construction of City broadband fiber infrastructure, and for the operations and maintenance of it.

Golf – to account for the operations of City municipal golf courses.

Parking – to account for the operation and maintenance of municipal parking ramps, municipal lots, and parking meters.

Stormwater – to account for the operation and maintenance of the storm water sewer collection system.

INTERNAL SERVICE FUNDS

Internal Service Funds account for the financing of goods or services provided by one department to other departments or authorities of the City, or to other governmental units, on a cost reimbursement basis.

Self-Insurance – to account for the payment of sundry insurance premiums and loss control activities, as well as the settlement of various claims, judgments and lawsuits against the City.

Group Health – to account for the collection of premiums and the payment of dental and health care costs for employees of the City and various outside agencies.

Employee Vacation Compensation – to account for the funding and liability for governmental funds compensated absences and associated benefits.

Fleet Services – to account for the costs associated with the maintenance and operation of the City's fleet of vehicles and equipment, including fuel usage, and to charge such costs back to the various City departments which own and use these assets.

CITY OF DULUTH, MINNESOTA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
DULUTH ECONOMIC DEVELOPMENT AUTHORITY
COMPONENT UNITS - GOVERNMENTAL FUNDS
FOR THE YEAR ENDED DECEMBER 31, 2022

| Net change in fund balances - total governmental funds | \$ 392,322 |
|--|---------------|
| Amounts reported for governmental activities in the statement of activities are different because: | |
| Government funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period. | (474,207) |
| In the statement of activities, the loss on the sale of property is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balance by the book value of the capital asset sold. | (5,245,583) |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Also, some revenues provide current financial resources to governmental funds but do not have any effect on net position. This amount is the net effect of these differences. | (319,887) |
| Repayment of long-term debt is reported as an expenditure in governmental funds, but the repayment reduces long-term liabilities in the statement of net position. In the current year, these amounts consist of: Lease principal retirement | 63,900 |

(5,583,455)

Change in net position of governmental activities

CITY OF DULUTH, MINNESOTA NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED DECEMBER 31, 2022

1. Reporting Entity

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by the City of Duluth. It does not include \$13,513,309, \$375,872, and \$2,165,878 in federal awards expended by the Duluth Airport Authority, Duluth Entertainment and Convention Center Authority, and Duluth Transit Authority, respectively, component units of the City, which had separate single audits. The City's reporting entity is defined in Note 1 of the financial statements.

2. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the City under programs of the federal government for the year ended December 31, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Because the schedule presents only a selected portion of the operations of the City, it is not intended to, and does not present the financial position, changes in net position, or cash flows of the City.

3. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles contained in OMB Circular A-87, Cost Principles for State, Local and Indian Tribe Governments, or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The City has elected not to use the 10% de minimus indirect cost rate allowed under the Uniform Guidance.

4. Reconciliation to Schedule of Intergovernmental Revenues

| Federal grant revenue per Schedule of Intergovernmental Revenues \$ | 21,207,695 |
|---|-------------|

STATISTICAL SECTION

This part of the City of Duluth's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the government's overall financial health.

Guide to Statistical Section

| <u>Contents</u> | <u>Tables</u> |
|---|---------------|
| Financial Trends These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time. | 1 to 4 |
| Revenue Capacity These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax. | 5 to 9 |
| Debt Capacity These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future. | 10 to 14 |
| Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place. | 15 to 16 |
| Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs. | 17 to 20 |

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.
