Ready Mix Concrete Specifications

Bid is for 2010 calendar year.

Ready mix concrete to be delivered to job sites in the city of Duluth as needed. Concrete will be ordered by 4:00 pm with delivery required at the specified job site at 7:30 am the following day. Failure to provide delivery at the time specified may result in the City's securing the concrete from other suppliers.

All concrete shall be mix designs #3A32 and #3Y43, delivered from a MnDot state certified plant. All specifications in the Minnesota Standard Specifications for Construction shall apply to this bid, including specification #2461, production requirements.

Successful bidder must adhere to design specifications, or contract will be terminated. The water cement ratio shall be strictly adhered to, with water added at the job site only in amounts and at the direction of City personnel.

Provider's operating plant shall be **no further than 20 miles** outside of the city limits of Duluth. Mixing and delivery of product to work site shall be **within 60 minutes**.

Each delivery to the work site shall be accompanied by a delivery ticket indicating the ordering department and the quantity being delivered. Invoices shall always include the contract number and delivery ticket number(s). Separate invoices shall be submitted for each ordering department.

The City shall be billed only for amount ordered by the department; any excess quantities will be refused at the work site. No slump or wastewater shall be dumped on city property before or after delivery.

Quantity is an estimate only, based on last season's use and is provided to assist you with pricing your bid. The City of Duluth does not guarantee a minimum or maximum quantity to be ordered.

2009 annual amount was **425 cubic yards**.

All bid prices are FOB.
