| Appendices to 150/5370-2E .....                                                                                      | A1-7 |
| FAA Advisory Circular 150/5370-12A Quality Control of Construction for<br>Airport Grant Projects.....                | 1-4  |

#### PART 8 - SPECIAL CONDITIONS

|                                                                                                                              |            |
|------------------------------------------------------------------------------------------------------------------------------|------------|
| Section 1 – Project Information .....                                                                                        | SC-1 - 10  |
| Section 2 – .....                                                                                                            | (Deleted)  |
| Section 3 – Miscellaneous .....                                                                                              | SC-12 -16  |
| Section 4 – Listing of Duties, Responsibilities and Limitations of<br>Authority of the Resident Project Representative ..... | SC-17 - 20 |
| Section 5 – Shop Drawing Submittal Summary .....                                                                             | SC-21      |

## PART 9 – TECHNICAL SPECIFICATIONS

|                                                                          |              |
|--------------------------------------------------------------------------|--------------|
| Item P-100 Mobilization.....                                             | P-100-1 – 1  |
| Item P-102 Safety and Security.....                                      | P-102-1 – 5  |
| Item P-104 Project Survey and Stakeout.....                              | P-104-1 – 3  |
| Item P-107 Pavement Demolition.....                                      | P-107-1 – 2  |
| Item P-109 Sawcutting.....                                               | P-109-1 – 2  |
| Item P-151 Clearing and Grubbing.....                                    | P-151-1 – 3  |
| Item P-152 Excavation and Embankment .....                               | P-152-1 – 12 |
| Item P-154 Subbase Course .....                                          | P-154-1 – 7  |
| Item P-209 Crushed Aggregate.....                                        | P-209-1 – 5  |
| Item P-401 Plant Mix Bituminous Pavements.....                           | P-401-1 – 28 |
| Item P-501 Portland Cement Concrete.....                                 | P-501-1 – 32 |
| Item P-603 Bituminous Tack Coat.....                                     | P-603-1 – 3  |
| Item P-610 Structural Concrete .....                                     | P-610-1 – 8  |
| Item P-620 Runway and Taxiway Painting .....                             | P-620-1 – 7  |
| Item F-162 Chain-Link Fences .....                                       | P-162-1 – 5  |
| Item T-905 Topsoiling .....                                              | T-905-1 – 3  |
| Item L-100 General Provisions and Requirements for Electrical Work ..... | L-100-1 – 14 |
| Item L-104 General Electrical Safety Requirements.....                   | L-104-1 – 8  |
| Item L-105 Alterations, Removal and Demolition.....                      | L-105-1 – 5  |
| Item L-106 Submittal Record Documents.....                               | L-106-1 – 26 |
| Item L-108 Underground Power Cable.....                                  | L-108-1 – 13 |
| Item L-110 Airport Underground Electrical Duct Banks and Conduits.....   | L-110-1 – 8  |
| Item L-111 Airfield Lighting System Testing .....                        | L-111-1 – 10 |
| Item L-121 Taxiway Lighting Fixtures and Bases .....                     | L-121-1 – 9  |
| Item L-123 Airfield Signage Systems .....                                | L-123-1 – 8  |
| Item L-131 Demonstrations, Tests, and Performance Verification .....     | L-131-1 – 9  |

## PART 10 - SPECIAL PROVISIONS

|                                                           |        |
