PROJECT OVERVIEW

The City of Duluth’s Parks and Recreation (“Parks”) is seeking a statement of qualifications and a price quote for the professional services of a comprehensive parks and recreation plan for the abandoned Duluth Sand and Gravel Quarry.

Quarry Park is the informal, popular name for the abandoned quarry located below Skyline Parkway in West Duluth, and above the neighborhood between 46th Avenue West and 59th Avenue West. The land was originally owned and worked by the Duluth Crushed Stone Co. throughout the early 20th century. By the time the company ceased operations it had quarried-out a 1000-foot-long, 100-foot-high cliff of black gabbro.

Informally, since its abandonment the Quarry has been a location for locals to walk their dogs, hike, picnic, and enjoy a spectacular view of Duluth.

As recently as the 1970’s, Quarry Park’s reputation as a steep and spectacular climbing location has been augmented by the focused development of mixed climbing routes. Today, it is a premier site and training ground for mixed climbing throughout the winter months, utilized by recreational climbers, university climbing programs, and guided groups.

The City of Duluth, in partnership with local neighborhoods and The Duluth Climbers Coalition, hopes to turn the Quarry into a friendly neighborhood park with world-class ice climbing as a major component. A mini-master plan is needed to insure the creation of a well planned community park, as well as establishing a high quality, progressive and safe ice climbing experience.

GENERAL PROJECT SCOPE

The Quarry Park Mini-Master Plan will serve as a long range plan to meet the community’s park, trail, and recreational needs. The project should include park and facility inventory and assessment, community input, program assessment, maintenance management, planning analysis, probable construction cost estimates, and implementation strategies.

Completion of the Quarry Park Mini-Master Planning processes will include the following:

- Site Inventory and Analysis of existing site conditions
- A preliminary plan or options to be reviewed by all interested parties
- Plan revisions and possible additions of phases
- A final mini-master plan for approval by all entities
- Narrative of mini-master plan, element phasing, project goals and objectives
- Budget and budget narrative
The City of Duluth intends to hire a consultant who will work with all of the partners (identified below); the consultant will host one public meeting for Quarry Park to gather input from interested parties; and will use that information to produce a comprehensive Mini-Master Plan. That plan would be presented to the Parks and Recreation Commission before receiving approval from the City Council.

**Potential Mini-Master Plan Participants**

The consultant should meet first with City of Duluth staff (Parks and Recreation, Planning, Property and Facilities, and Maintenance Operations), then the identified neighborhood community club and/or business group, and get a good idea of the current and near future land use issues.

**Other Mini-Master Plan participants may include but are not limited to:**

- Neighborhood community clubs
- Neighborhood business groups
- Restoration groups
- Historic preservation groups
- Park and Recreation Commission
- Tree Commission
- Neighbors and general public
- Outdoor recreation user groups

**Issues to Consider in the Mini-Master Plan Process may include but are not limited to:**

- ADA – trail and facility accessibility issues
- Off leash dogs and dog feces
- Vegetation Management, including invasive species removal and habitat restoration
- Working relationship between existing trails/urban pathways and proposed trails
- Historical features
- Wayfinding and connectivity to local neighborhoods adjoining Parks facilities including Brewers Park, the Duluth Traverse and the Superior Hiking Trails
- Safety- long term maintenance considerations
- Park infrastructure sustainability upgrades and recommendations
- Environmental stewardship best management practice recommendations
- Stormwater runoff best management practice recommendations
- The planning nuances of a winter ice climbing facility

**Consultant Requirements to Bid on the Mini-Master Plans:**

- Demonstrated experience in planning parks with adventure based outdoor recreation components
- Working knowledge of various ecological and natural systems including, stormwater runoff and invasive species issues.
- Ability to lead members of the public through a participatory process to arrive at a final plan
- Demonstrated understanding of current trends in Park infrastructure sustainability and environmental stewardship
- Must have relevant experience in the planning of destination quality winter climbing facilities
- Thorough understanding of sustainable natural surface trail planning and design
Available Resources

The information available for this project is the 2010 Parks and Recreation Master Plan, the 2011 Trail and Bikeway Master Plan, the ½ and ⅛ Tax Vision documents. The three are available on the City’s Parks Division website at http://www.duluthmn.gov/parks/.

PROPOSAL REQUIREMENTS

Submittal of the Request for Proposals should include the following criteria and structured accordingly:

1. Cover Letter
2. Firm Information
   a. Name of Firm/Discipline
   b. Contact Information
   c. Staff Size

3. Three References we may contact with whom similar work has been completed within the last three years and proposed facilities and changes have taken place.

4. Provide an overview and description of the firm’s total qualifications including any special or unique services it may provide.

5. Specific name and qualifications of the lead member of the project team who will be the primary contact and have full responsibility for the project. Also, complete qualifications must be submitted for other members of the project team.

6. List whether or not this is a joint venture or if your agency is the prime consultant for the entire project. Include any sub-contractors who will be working with your firm on this project and what their responsibilities will be as well.

7. A brief description of the scope of work, touching on each specific element you would provide to achieve the desired plan.

8. Cost of your services in detail including hours dedicated to each area defined within the scope of services. This will allow Parks and Recreation staff to selectively choose what services additional or otherwise. Cost will only be a factor after the selection process is completed.

9. Detail meetings with Parks and Recreation staff, Parks Commission, City officials, stakeholder interviews, and public forums.

10. Proposed schedule for the project.

FEES

To facilitate the contract negotiation process with ranked Firms(s) and contract execution for services, each proposal should include its Fees for the project. This fee information must be submitted with the RFP. Failure to submit fee information may result in rejection by the City of Duluth.

The proposal shall be based on a total estimated, not to exceed, hourly fee in the proposal. Include any sub-consultant costs. The proposal should also include a schedule for hourly billing rates for each
employee who may be involved in services. Include rates for miscellaneous charges such as copies and mileage.

**SELECTION**

The proposals will be reviewed by City Staff. The intent of the selection process is to review proposals submitted by at least three qualified consultants and make an award based upon qualifications as described therein. A 100-point scale will be used to create the final evaluation recommendations. The factors and weighting on which proposals will be judged are:

- Work Plan 25%
- Qualifications/experience of the personnel and company working on the project 20%
- Understanding of the project scope 15%
- Completeness of the proposal 10%
- History (completeness & timeliness) of past work with the City of Duluth 10%
- Project costs/fees 20%

The consultant team should have expertise in comprehensive long-range park planning and park design of similar size and scope. Each proposal will be evaluated based on qualifications. The City has the right to refuse any and all RFP’s in whole or in part and select the proposal deemed by the governing body to be in the best interest of the City. Firms that are not selected will be notified in writing.

*This schedule assumes that we are waiting for the land to be in City Ownership.*

**Submittal Requirements**

Send one paper copy and a CD with an electronic version of the proposal no later than 2 pm on Monday, July 6, 2015 where it will be time stamped in and acknowledged as received and compliant to proposal requirements. Send to:

City of Duluth  
411 W First St  
City Hall, Purchasing Room 100  
Duluth, MN 55802

RFP inquiries can be directed to Jim Shoberg, Project Coordinator, Parks and Recreation at 218-730-4316 or jshoberg@DuluthMN.gov
LIMITATIONS

This Request for Proposal does not commit the City of Duluth to award a contract and pay costs incurred in the preparation of the proposal of this request, or to procure a contract for services or supplies.

The City of Duluth specifically reserves the right to accept or reject any or all proposals, to negotiate with any qualified sources, to cancel in part or its entirety this Request for Proposal, to waive any proposal requirements, to investigate the qualifications of any proposal, to obtain new proposals, or proceed to have the service provided in any way as necessary to serve the best interests of the City of Duluth.

All materials submitted in response to this RFP will become property of the City and will become public record after the evaluation process is completed and an award decision made.
