Re: DECC Seawall Project Bid No. 17-11AA – Addendum No. 3

AMI Project # 161080

The following amendments apply to the DECC Seawall Project:

1. Individual sheets of PZC-18 steel sheet piling can be delivered to Coating Contractor's facility provided the Coating Contractor's facility is located within a 25-mile radius of the DECC Seawall Project. Coating Contractor will be responsible for offloading steel sheet piling if delivered to their facility.

If you have any questions or comments please contact AMI at (715) 718-2193.

Respectfully Submitted,

Zac Morris, EIT
