Addendum 1
File # 17-0466
Project: DECC Pipe Repair (DUL-DIST-17-01)

This addendum serves to notify all bidders of the following changes to the solicitation documents:

1. The weight of the 12" diameter pipe is 1,568 lbs and the pipe comes in 40-foot sticks.
2. Per attached pictures Figure 1, the rock retaining wall needs to be salvaged and reinstalled upon completion of the project.
3. Per the attached pictures Figure 2, the bollards shown need to be salvaged and reinstalled. If one is damaged during construction, the contractor is responsible for replacement.
4. Per the attached picture Figure 2, restoration of existing sidewalk is required.
5. Attached detail HS-25 Slab for shallow pipe is provided. Detail depicts how concrete slab at station 3+25 needs to be reinstalled. Slab will occur whenever cover over pipe is between 18" and 24".
6. The pre-bid meeting sign-in sheet is now posted on the City website.

Please acknowledge receipt of this Addendum by initialing and dating Addendum #1 below the bid form on the invitation for bids
