Play Equipment

Defined Play Area- 5-12 Year Olds
There is 1 defined play area for 5-12 year olds that includes 1 composite play structure, to-fro swings (4 strap style), tire swing, talk tube and play panels. An adequate quantity of ground level components have been provided. This is a good example of accessibility.
Loose fill sand is used throughout the defined play area.

JQP, Inc. Recommends
Priority 2- Replace the loose fill sand with a surface material with a type that complies with ASTM 1292 for impact attenuation and ASTM 1951 for accessibility. ADA 206.2.17

Route- 5-12 Year Olds
There is an accessible route in to the defined play area near the to-fro swings. This is a good example of accessibility.

JQP, Inc. Recommends
There are no recommendations at this time.
**Defined Play Area- 2-5 Year Olds**
There is 1 defined play area for 2-5 year olds that includes 2 composite play structures and a seated spinner. An adequate quantity of ground level components have been provided. *This is a good example of accessibility.*
Loose fill sand is used throughout the defined play area.

**JQP, Inc. Recommends**

*Priority 2-* Replace the loose fill sand with a surface material with a type that complies with ASTM 1292 for impact attenuation and ASTM 1951 for accessibility. *ADA 206.2.17*

---

**Route- 2-5 Year Olds**
There is not currently an accessible route to the defined play area for 2-5 year olds.

**JQP, Inc. Recommends**

*Priority 1-* Create an accessible route to the defined play area. *ADA 206.2.2*
Picnic Tables
There are 8 tables in the grass scattered throughout the park. Currently none of the tables provides a position with knee and toe clearance and there is not an accessible route.

JQP, Inc. Recommends

Priority 2 - Create an accessible route to the picnic area.

Priority 3 - Provide a picnic table that provides knee and toe clearance. Recommended based on Draft Accessibility Guidelines for Outdoor Developed Areas 1011.4
