

3.7 Checklist

Vacation of Street

This applies to all applications to vacate a public street, highway, or utility easement. See UDC Section 50-37.6 for more information.

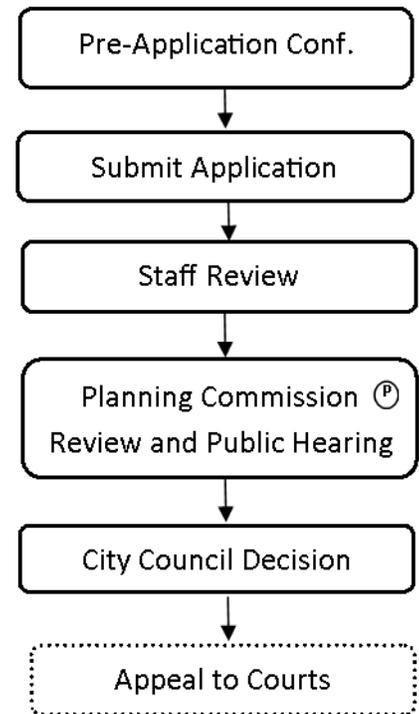

Starting the Application Process

- You must discuss proposed vacations with Planning Staff prior to submitting an application. Call 218-730-5580 to schedule a pre-application meeting, and make sure to get a Pre-App Verification at this meeting; you will need to submit this with your application. The pre-application meeting is intended to discuss the application process and general timeline. A comprehensive review of the proposed project is not possible at this meeting; detailed review of the project will occur once a complete application, with sufficient supporting information and exhibits, is submitted.

Your Application

- Submit your application materials to the One Stop Shop, Room 100 City Hall, by the Planning Commission application deadline. Your application must include the following:
 - Application Cover Sheet and Applicable Fee
 - Pre-App Verification
 - A plat or map, clearly showing the portion of the street to be vacated (must meet standards of the County Recorder's Office). The City Engineer and staff will review the exhibit, and may ask for corrections/amendments. **Important note: Until the exhibit has been reviewed, and approved, by the City Engineering, the application is considered incomplete.**
 - Legal description in recordable form, printed clearly on an 8.5"x 11" sheet (consult a surveyor or attorney if needed)
 - A petition of the majority of landowners abutting the right of way or easement to be considered for vacation; see the Vacation Petition Form. Note that the City generally only considers vacations of right of ways on a block by block basis; even if you are only interested in vacating one small section of right of way, the City will generally not accept an application unless it plans for vacating the entire section of right of way within the block.
 - If there are Minnesota Power utility line the right of way, contact Minnesota Power before submitting your application. Minnesota Power may either require the applicant to pay for relocating the line, or require a utility easement be preserved over the entire right of way line.

After Submitting Your Application

1. Determination of Completeness. Within 15 business days of your application, you should expect one of the following (remember, until the exhibit has been reviewed, and approved, by the City Engineering, the application is considered incomplete):

- Receive an “Applicant Letter,” which acknowledges a complete application, shares the date of the Planning Commission meeting and the assigned staff person, and notifies you of State-mandated deadlines for the City to make a decision, **OR**
- Receive notification that your application is incomplete, with details on further information to submit.

2. Public Notice. A mail notice will be sent by the City to property owners abutting the portion of the street proposed to be vacated, and to the portion of the street extending 350 feet from the ends of the portion.

- You are required to post a sign notice** on the property at least two weeks before the date of the public hearing. See UDC Section 50-37.1.H for information on size, placement, and content of each sign; you may want to contact a sign company or printing company to have the sign made. You must provide evidence that the signs were in place; ***submit photo(s) of the signs to the Planning Division at least two weeks before the date of the public hearing.***

3. Staff Review. Planning staff will evaluate your application and prepare a staff report. When considering a recommendation for a vacation of street request, Planning Staff generally review the current and projected usefulness of the street (is it being used now and/or is there a chance it could be useful in the future) for vehicular, pedestrian, and utility purposes, surrounding land uses, surrounding traffic circulation and projected future traffic circulation, the likelihood of creating a dead-end street, any additional criteria in the UDC, and other related factors.

- You will receive an email with the Planning Commission agenda and a link to this staff report about 5 days prior to the meeting.

4. Planning Commission Hearing. Planning Commission meetings are scheduled at 5:00 pm on the second Tuesday of each month. **We ask that applicants or an agent attend this meeting.**

The Planning Commission will conduct a public hearing and make a decision to adopt, adopt with modifications, or deny the application.

5. City Council Decision. The Planning Commission recommendation will be forwarded to City Council in the form of a resolution. City Council will make a decision whether to approve the proposed vacation, approve it with modifications, or deny it.

6. Recording. If approved, City staff will submit a certified copy of the vacation resolution and signed exhibit to the County Recorder. **You will receive a bill for any recording fees.** Once it has been legally recorded, planning staff will send notice of the Council action to the applicant.

Reviewing and Recording Public Works & Utilities Easement Agreements or Vacations

April 2012 Guideline

The party requesting the easements shall employ their Attorney and Land Surveyor to prepare an Easement Agreement.

- Submit Easement Agreement to Bill Bergstrom, Public Works and Utilities Dept., Room 211, 411 W. 1st Street, Duluth, MN 55802.
- The Assistant City Attorney and Public Works project engineer or surveyor will review the Easement Agreement.
- The party requesting the easement will modify the Agreement as needed.
- The party requesting the easement will acquire the signatures, except for the City signatures.
- Public Works and Utilities will prepare a Resolution for the City Council to act on, accepting the easement.
- After the City provides their signatures, the party requesting the Easement shall file the Easement Agreement with the County Recorder and/or Registrar of Titles.
- If the City is filing the Agreement, Kathy Amborn in the City Attorneys office can identify the documents in Abstract of Torrens that the Agreement will be filed with.
- The party requesting the easement shall provide proof of filing with signers of the Agreement.

County requirements for filing:

- Legal Description
- Marital status of people signing, spouses if married.
- Acknowledged signature of grantor/grantors (notarized signatures)
- Names of all grantees
- Date
- Drafting statement (who created text of Agreement)
- Submit one original signed Agreement, County will return the original after filing
- Return information
- For Torrens (registered land), must be approved by Examiner of Titles (requested by Registrar)

County forms for filing; Abstract Filing Request and Torrens Filing Request. The carboned filing forms have tracking numbers in the Abstract and Torrens Offices. The Abstract ones are known as AFR's and the Torrens ones are known as TFR's. These numbers are totally trackable on the County's system.

The Agreement requires an exhibit with a legal description and a sketch, to make it clear to the reviewer and signers of the Agreement what the subject is. This may not be necessary if the easement is bounded solely by a lot created in a recorded subdivision plat.

Sketch requirements:

- Sketch is to be 8.5" x 11", or multiple sheets of that size. If you submit a larger size, the City Clerk will reduce it for review by the council.
- Do not rely on colored text or lines, as black and white copies will be circulated.
- The minimum size of the lettering font is L80 (0.08 inches).
- Label dimensions referred to in legal description.
- For Metes and Bounds description, label the Point of Beginning.
- North arrow and scale bar.
- Signature line for City Engineer approval and date.
- If the sketch is on engineering plans, the proposed easement and its dimensioning and references have to be clear and not obstructed with engineering details.
- Engineering plans may be submitted along with the proposed Easement Agreement, to aid the City reviewer in seeing that the proposed easement covers the location of the utility or other improvement, and it's future maintenance area needs.

Street Vacation, follow Planning Department and UDC procedures:

- Pre-application
- Land use supervisor review
- Sign notice
- Mail notice
- Planning commission hearing
- Council decision
- Copy of recorded document to the City Clerk

Then follow recording process.

Developer's requirements for easement are described in City of Duluth – Engineering Guidelines, II.B.1.i.

County Recorder filing fee is \$48 per document. It can be charged to the City, if the City is filing the Agreement.

Note: Some Resolutions for vacations state the city clerk is authorized to record the Agreement with the County. The Engineering Division is responsible for filing Agreements for utility easements. This is done by providing the document to Bill Bergstrom.
