Project description and how project meets goals of the program:

DATA PRACTICES NOTICE:

According to the Minnesota Government Data Practices Act, the information you provide on this form will be classified as government data. Most government data, including your name, address, e-mail address and telephone phone number, is public and is available to the public upon request. Some of the information you provide may be classified as private data. Furnishing the requested information is voluntary, but if you refuse to supply the requested information, you may not be considered for participation in the Rebuild Duluth Pilot Program.

Attached to the Application, please provide the following items:

1. General site/floor plan with concept-level elevation design, if available.
2. Estimated construction timeline/budget with a clear description of the total estimated cost.

All information pertaining to the application and required attachments should reflect the goals of the program description. A critical element of this program is the ability to display the affordable and geotechnical feasibility of constructing a new home in the City of Duluth. The more information provided, the more likely the applicant will be accepted for the program, as this process will be made public in order to make it repeatable in the future.
