**Addendum 2**  
**Solicitation 23-99641**  
**Shoreline Rehabilitation between 3<sup>rd</sup> Ave. E. and 4<sup>th</sup> Ave. E.**

This addendum serves to notify all bidders of the following changes to the solicitation documents:

The following questions have been asked and are answered in *Italics* below:

1. Could any portion of the temporary shoring be left in place?
  - a. *Yes, with the following restrictions:*
    - i. *Any temporary shoring that is left in place cannot impact future replacement of existing infrastructure (sanitary sewer, storm sewer, etc.)*
    - ii. *Any temporary shoring that is left in place cannot encroach on the Railroad Right of Way (assume lakeside of existing black fencing that protects the public from the railroad).*
2. Can tieback anchors be used for the temporary shoring?
  - a. *Yes; however, the Contractor would be liable for any damage to existing infrastructure. There is a large sanitary forcemain that is of significant concern under the Lakewalk which tieback anchors will likely be in conflict with.*

Please acknowledge receipt of this Addendum by checking the acknowledgement box within the [www.bidexpress.com](http://www.bidexpress.com) solicitation.
