

Advanced Care Planning

Online Classes

A sudden illness or injury can leave you unable to speak for yourself. **It is important to have someone you trust who can make decisions for you if you are unable to.**

Join us at one of our free online classes to learn about how to share your wishes. We will talk about:

- vocabulary you may hear.
- treatment goals you can choose.
- how to include your values and spiritual beliefs in your care plan.
- how to choose a healthcare agent.
- health care directives.
