SUBJECT: Update on Watermain Break in Downtown Duluth (E 2nd Ave and E 3rd Street area)

BY: Pakou Ly, Public Information Coordinator

Update on Water main Break in Downtown Duluth (2nd Ave E and E 3rd Street)

[Duluth, MN] - The City of Duluth reported a water main break at 2nd Ave East and East 3rd Street yesterday. Public Works Utility crews were on site immediately and discovered not one, but three breaks in the area. Staff worked until 4:00 a.m. this morning and have repaired one of the three breaks but will continue to work on site today.

Water has been shut off for the residents and businesses located between 1st Ave East and 3rd Ave East and between East 2nd Street and East 3rd Street until leaks are repaired. Motorists should use caution when driving in the area as 2nd Ave East and one lane of East 3rd Street are closed off for staff to make repairs.

Questions can be directed to Dan Berg at the Utilities Operations office at (218) 730-4130.
