SUBJECT: A Portion of Harbor Drive Closed due to Flooding

BY: Kate Van Daele, Public Information Officer

A Portion of Harbor Drive Closed due to Flooding

[Duluth, MN] A portion of Harbor Drive behind Amsoil Arena was closed due to flooding, in the afternoon of November 30. City officials continue to monitor other areas for flooding, of which none have flooded at this time.

The predicted snowstorm remains on track to drop 12 or more inches of snow in Duluth, and create blizzard conditions because of high winds and blowing snow.

The City and National Weather Service continue to advise no travel due to dangerous conditions that are expected to worsen throughout the afternoon and evening.

The National Weather Service continues to predict the potential for a top-10 highest two-day snowfall total in recorded history for Duluth. Please stay safe shelter in place if you can.

CHUM's drop-in center is open all night tonight for those that need a place to go to get out of the storm.

The City of Duluth will continue to provide updates as needed throughout the storm.
