Make Plans Now to Plant Trees in September

Duluth residents are invited to come take part in Tree Planting Parties throughout September in various neighborhoods around Duluth.

"This is a great way to do something positive for the environment while spending time with family and friends to enjoy a day outdoors," says Shawna MullenEardley, GreenCorps member with the City of Duluth. "Tree planting brings many benefits to our community. They act as windbreaks and provide shade to homes, which reduces energy costs, and they build a stronger community" she continues, citing statistics that show decreased crime rates and increased confidence levels of teens in neighborhoods with more trees.

The Tree Planting Parties are sponsored by the City of Duluth Parks Department and the Minnesota GreenCorps. By the end of September, MullenEardley hopes to plant 150 trees throughout Duluth.
