SUBJECT: City reminds the public: Hiking and Biking on City Cross Country Ski Trails is Prohibited

BY: Amy Norris, Public Information Coordinator

City reminds the public: Hiking and Biking on City Cross Country Ski Trails is Prohibited.

Duluth Parks and Recreation reminds the public that hiking and winter bikes (commonly called Fat Bikes) on city cross country ski trails is **prohibited**. Walkers and winter bikers are encouraged to use places such as the Lakewalk which is cleared of snow on a regular basis. Only cross country skiers are allowed on our cross country ski trails. We please ask for your cooperation.

A reminder in order to help maintain good skiing conditions all cross country skiers are requested to follow good trail etiquette.

- Ski in indicated direction
- Leave pets at home
- Reminder hikers, bikes and dogs are not allowed on groomed ski trails.
- Try to fill any holes and smooth track if you should fall.

The City of Duluth has 55 kilometers of skiing on six cross country ski trails. These trails provide a great skiing experience for every level of skier. Maps and brochures for each trail are available at the Duluth Parks & Recreation Office at City Hall Ground Floor 411 West 1st Street or online at www.duluthmn.gov/parks. For information on the condition of City of Duluth trails, call the Ski Hot Line at 218-730-4321 or the Parks Facebook page.
