Addendum No. 2
Solicitation 25-99841
2026 Parks Sign Package

This addendum serves to notify all bidders of the following changes to the solicitation documents:

1. Strike the wage rights for State Highway Heavy Region 01 located in the Bid Package and replace with the attached document, labeled 'Exhibit A'.

The following are questions asked in the pre-bid meeting (in italics) and their subsequent answers.

1. *Are all sites accessible by truck?*
 - a. Yes.
2. *Could the City provide a more detailed site map?*
 - a. No site plans are available, only general install locations have been identified. We will make specific install location determinations in the field prior to install.
3. *Is there existing signage to be removed?*
 - a. No, the City will have removed any existing signs prior if they exist. Most of the signs are brand new and will not be replacing anything.
4. *Is the City open to alternate foundations?*
 - a. Yes, as long as they are signed off by an engineer. **If bidders wish to provide substitutions for the foundation, they must be emailed to purchasing@duluthmn.gov by December 16, 2025 at 4PM CT. If approval is received from the project team, there will be a document upload box in Bid Express that you can use to upload the substitutions to when you are submitting your bid. Any substitutions uploaded that have not been approved by the project team will not be accepted.**
5. *For F1-F3 signage, the base plate system, is that a product that is specified already or does it have to be a certain manufacturer?*
 - a. No certain manufacturer. The bases are standard for projects within street ROW. Any DOT approved break-away method is acceptable.
6. *Will permit fees be waived?*
 - a. Any permitting that is needed is the responsibility of the contractor.
7. *In terms of the graphics, are there specs for that? Does it need to be digital, vinyl, etc.?*
 - a. Open to bidders discretion. Typically they are vinyl wrapped, but if there are other means/methods we are open to those as well.
8. *Are there graphics the city provides?*
 - a. Yes, we issue graphics you can utilize.

9. *For the corrugated steel for the roofing components, are there any specs in terms of crest to peak of what that wave should be, or is it standard?*

a. Our prior ones seem to be standard corrugated. But as long as it meets the specs we are open.

Please acknowledge receipt of this Addendum by checking the acknowledgement box within the www.bidexpress.com solicitation.
